## MAYOR MARTIN ORDERS

**UP IRISH FLAG IN  
HONOR OF KITCHENER**

Montreal, Aug. 26.—Mayor Martin

was so favorably impressed by the  
conduct of the British army at the  
war that this morning he ordered that  
an Irish flag be put up on the city hall  
in honor of Lord Kitchener, an Irish-  
man, and that a Scottish standard in  
honor of the Royal Scots Greys (Sec-  
ond Dragoons) who bore themselves  
so gallantly at Mons, Belgium, be  
placed by the side of it.

When he was giving a city hall em-  
ployee the order to put up the flag,  
the mayor declared:  
"The British troops are doing fine  
work. I wish there were a million  
of them by the side of their French  
allies."

**Miss Mary Bryenton.**

Newcastle, Aug. 25.—The funeral of  
the late Miss Mary Bryenton, who was  
drowned Friday afternoon, took place  
at Derby yesterday afternoon, attend-  
ed by a large number. The W. C. T. U.  
the brothers, sister and cousins of  
the deceased, and many others sent  
handsome floral tributes. The pall-  
bearers were six cousins of the de-  
ceased—Everatt, George, Freeman,  
Herbert, Howard and Wallace Bryen-  
ton. Interment was in the Presbyter-  
ian cemetery, the pastor, Rev. A. Ret-  
tie, assisted by the Methodist minis-  
ter, Rev. Mr. Ives, conducting services.  
The hymns sung were "Nearer My God  
to Thee" and "The Sands of Time  
Are Sinking."

**THE ALLAN LINE.**

The Allan Line, following the lead

of the C. P. R., have advanced their

trans-Atlantic fares. The first-class

\$20, the second \$10, and the third-

class \$5. All freight rates have ad-

vanced also. This is caused by the

congestion in traffic and the war risks

which have to be contended with.

The Allan liner *Gramplan*, which

was to sail on Aug. 28 from Montreal

for Liverpool, has had her schedule

changed. She will sail on the 29th

for Liverpool and the Corsican being

taken off the run. These vessels have

been held by the British Government

## MURDER CASE

**Braman before Police Mag-  
istrate yesterday — Will  
likely go on trial in Sep-  
tember.**

"If the rest of the gang had been  
around there would have been more  
than O'Leary shot." This was the  
sworn statement of Frank Mason, in  
the police court yesterday morning  
when he and his father, Henry Mason,  
were examined as witnesses in the pre-  
liminary hearing of John H. Braman  
on the charge of murder. On Monday  
July the 6th, about noon, witness said  
he saw Officer O'Leary stagger out of  
the alley leading to Braman's home,  
with the prisoner. O'Leary said to him  
"Come over here, take hold of this  
man." The officer, who was rapidly  
losing strength, asked him to telephone  
the police headquarters. As he went  
across the street to do so, he saw  
O'Leary fall to his knees on the side-  
walk, but still holding the prisoner.  
O'Leary was lying on his left side and  
had pulled a revolver in his right hand.  
A groceryman had held Braman while  
he was away to the telephone. Bran-  
man's father ran up to where the  
crowd was surging around the wound-  
ed officer and the prisoner. He said to  
the accused, "Jack, what have you  
done?" Braman answered, "Papa, I  
shot him." The accused had a black  
spot on his face and his hand was out  
and bleeding.

Henry Mason said the saw Officer  
O'Leary lying on the sidewalk on his  
back while Braman was being held by  
two men in the alley. He held up the  
wounded officer's head and gave him a  
glass of water which somebody  
brought. O'Leary's head fell back and  
struck the sidewalk. He said to Ma-  
son and the others, "Don't let him go,  
if you do I'll shoot." A little later the  
ambulance took the wounded man  
away to the hospital and Braman was  
taken by Deputy Chief Jenkins.

Frank Mason said he saw Thomas  
Gillespie, Mrs. Lawrence and Leo  
Holland in the crowd, besides many  
women and children.

The magistrate questioned the wit-  
nesses on important points to bring  
out the evidence. No objection was  
made by the prisoner's attorney, U. J.  
Sweeney. The case will go before the  
Supreme Court on circuit the fourth  
Tuesday in September, Mr. Justice  
Crockett presiding. Dr. W. W. White  
and a few other witnesses have yet to  
be examined. Braman was remand-  
ed.

**APPOINTED DIRECTOR**

**OF HUDSON BAY CO.**

London, Aug. 26.—Cecil Lubbock, di-  
rector of the Bank of England, and of  
the Northern Assurance Company, and  
managing director of Whitebread's  
Brewery Company, has been appointed  
a director of the Hudson Bay Com-  
pany, filling the vacancy created by  
the appointment of Sir Thomas Blin-  
ner to the governorship, vice-Lord  
Strathcona.

**MAJOR FRINK** presided at yesterday's

meeting of the Citizens' Committee  
at the Board of Trade rooms. R. E.  
Armstrong, secretary of the commit-  
tee, reported the following societies  
and their representatives on the Wo-  
men's Vias Committee: Associated  
Charities, Miss Payson; Daughters  
of the Empire, Mrs. Geo. K. McLeod;  
Red Cross, Mrs. W. D. Foster; Sol-  
diers' Wives' League, Miss Grace  
Skinner.

The committee will take up the

work of visiting the families that need

help from the Patriotic Fund. On

Friday afternoon at 3 o'clock in the

Board of Trade rooms the representa-

tives of the societies already men-  
tioned and others yet to be heard from  
will meet to discuss the work.

The Mayor has received a letter

from T. J. Phillips as follows: In aid  
of the Soldiers' and Families' Patriotic  
Fund we propose to observe at our  
Union street store a "Patriots' day,"  
with patriotic music and other special  
features, on Thursday, Aug. 27. If ac-  
ceptable we will be pleased to donate  
25 per cent. of the receipts of the day  
to the fund. (Signed) T. J. Phillips. This  
offer was accepted with thanks.

It was decided to continue the morn-  
ing meetings for the balance of the  
week. A representative of a Montre-  
al firm submitted a proposition to sell  
patriotic badges with a view to aug-  
ment the fund. His offer was submit-  
ted to the ladies' committee.

The question of insuring the men is  
still under consideration by the Pro-  
vincial Government. A meeting of  
the Government in St. John about the  
first of September will probably see  
substantial progress in the matter.  
Mr. C. B. Allan reported an increase  
of \$240 in the fund since Tuesday.

## "KEEP CALM" IS

**THE WATCHWORD**

No cause for alarm in re-  
gard to foodstuffs and  
necessities — No advance  
in prices.

It is thought by some of the local  
wholesale business people that the  
consumer is in great measure to blame  
for the recent increase in the prices  
of commodities. The consumer has  
commandeered, as it were, an unusu-  
ally large supply of foodstuffs, and de-  
pleted, in an altogether unexpected  
way, the stocks of the dealers, leav-  
ing the latter with only enough to sup-  
ply regular customers. Such stocks as  
they have will, of course, command  
prices at a rate as the consumer pur-  
poses of the dealers if they are forced to  
sell. It is contended that, in view of  
the impossibility of replenishing  
stocks, at so quick a rate as the con-  
sumer would like, the wholesaler is  
justified in asking him to be patient,  
and to buy just as he is in the  
habit of doing. A specific case is men-  
tioned where a man who had ordinari-  
ly been satisfied to buy a half barrel  
of flour had bought three barrels for  
the use of his family. Of course no  
blame could be attached to the pur-  
chaser for being provided with a half  
barrel, but those who have studied conditions,  
as they are now, say that all this haste  
to stock the larder is uncalled for.

A representative of a well known  
wholesale firm of dealers in flour said  
yesterday, that the present price of the  
commodity, so far from being in-  
creased, will in all probability have a  
slight downward trend, the war not  
withstanding. This view is accentuat-  
ed by the fact that there are tremen-  
dous crops of wheat in the Canadian  
west, and in the friendly country to  
the south of us. Generally speaking it  
is thought by those capable of judg-  
ing conditions, as they are now, that  
there can be no cause for alarm  
in regard to foodstuffs, and that, con-  
sidering the conditions, the consumer  
amongst Canadian consumers.

Of course many articles that have  
been coming from points in the war  
region are not now, and it may be  
for a long time be within reach of  
even those of ample means. Some of  
these things include such items as  
carbon, when used in connection with  
motion picture photography, toys, me-  
dicines, material used in the making  
of matches, various articles of food,  
mostly of the proprietary kind. Many  
of the things sent from German cen-  
tres may be dispensed with, however,  
without inconvenience to the house-  
wife.

The watchword for the folk who are  
naturally concerned about future de-  
velopments in the circumstances that  
have arisen is to keep cool and to buy  
as of yore.

There has been, and will not be,  
according to the best authorities, any  
great increase in the prices of those  
things that most householders re-  
quire. Prices already quoted at \$7.25 is  
likely to increase, because beet sugar  
from Germany cannot now be obtain-  
ed.

There will be a shortage in the sup-  
ply of Scotch coal. Representatives of  
prominent coal firms said yesterday  
that the supply of this coal, limited as  
it was during the fall of last year,  
would be reduced to a minimum now.  
But no increase in price is anticipated  
in coal generally. American anthrac-  
ite coal can be had at the usual price  
and no increase is anticipated.

With splendid wheat crops in the  
West, root and fruit crops in both  
Eastern and Western Canada, there  
cannot be want so far as food is con-  
cerned. The householders are not now  
called upon to pay very much more  
than the price for commodities de-  
manded before even the talk of war,  
and ordinary prices will prevail, it is  
believed, for the present at all events.

**DOGS WILL BE SHOWN**

**AT EXHIBITION HERE**

Preparations for the ac-  
commodation of the can-  
ines have progressed well  
—Charles H. Mason to be  
Judge.

H. A. Porter, secretary-treasurer of  
the St. John exhibition, and staff took  
possession of their offices in the ex-  
hibition building on Tuesday, but the  
offices in Prince William street will  
be open as an information bureau un-  
til the close of the big show.

Entries for the dog department of  
the exhibition will be a decided suc-  
cess, the probability being that before  
the opening of the show a very large  
number of entries will have been re-  
ceived. Arrangements are now near  
completion in the exhibition building  
for the accommodation of the dogs.

The fact that the president of the

which took part in the separation of

Belgians recapture Malines

French Embassy at Wash-  
ington is informed—Rus-  
sian advance in Galicia  
meeting with success.

Washington, Aug. 26.—The French  
embassy today received the following  
despatch from its foreign office dated  
yesterday:

"The movement begun yesterday by  
the commander-in-chief has been fol-  
lowed all day with the greatest meth-  
od and the enemy is unable to stop  
it. It is confirmed that the army corps  
of the Prussian guard was much ex-  
hausted. The Prussian guard was at-  
tacked terribly by the Algerians  
and suffered great loss. The Prussian  
attack against Nancy was unsuccess-  
ful. The Belgians coming from Em-  
berse have been able by an energetic  
offensive movement to recapture Ma-  
lines and to push back the Germans  
to Verviers."

"The Russians are following with  
great energy their move in Galicia and  
routed a cavalry division. The Serbs  
have routed the Austrians from Chi-  
bets and their own territory."
