

# RUSSIANS TAKE 20 TOWNS AND 42,000 PRISONERS

## THE ARMY OF RUSSIA IS MENACING THE IMPORTANT RAILWAY CENTRE OF STYR

In Last Ten Days of Russian Offensive, Muscovite Troops Have Penetrated Austro-German Line at Two Points, Capturing Twenty Towns and Villages.

MORE THAN 42,000 PRISONERS HAVE BEEN TAKEN DURING THIS TIME.

Vast Number of Big Guns and War Material in Possession of General Brusiloff's Men Who Surprised Enemy, Latter Regarding the Offensive Prior to July 2 as Joke.

The Army in a surprise attack spread expectation of an important counter-attack on the northern front. In ten days the Russian offensive has penetrated the Austro-German line at two places, have captured a score of cities, towns and villages, crossed two great rivers, and taken close to 42,000 prisoners, with a vast number of guns and material. Lemberg is now directly menaced. The Teutons evidently regarded the Brusiloff offensive disdainfully when it started on July 2.

### CASUALTIES

MAP OF SUCCESS. All the books published mapping out the road to success agree on two points—CONFIDENCE and a GOOD APPEARANCE. Our ready suits at \$18 to \$25 will make the GOOD APPEARANCE and that of itself breeds CONFIDENCE. So there you are! Special pinch-back and belted suits for you who are just starting on the road. These suits will help smooth the way.

Gilmour's, 68 King St. Open Friday Evenings; Close Saturdays 1 p. m. June, July and August. To Overcome Redness, Tan, Freckles, Wrinkles. If your skin is unduly reddened, freckled or tanned, dab a little pure meroled wax on the face and allow it to remain over night. When you wash off the wax in the morning, the skin is almost invariably free of freckles and wrinkles. Repeating this daily, the entire outer skin is absorbed, but so gradually, there's not the slightest burn or inconvenience. Even the stubborn freckles are affected. The underlying skin which forms the very complexion is so fresh and youthful-looking, you'll marvel at the transformation. It's the only thing known to actually clear an aged, faded, muddy or blotchy complexion. One course of meroled wax, procurable at any drugstore, is sufficient in most cases. If sun and wind make you squint and frown, you're bound to cultivate wrinkles and crow's feet. To overcome these quickly, bathe the face in a solution made by dissolving an ounce of powdered zincite in a half pint which wash.

# FARMING WITH A FORD

Wide-Awake Farmers Hail With Delight the Placing on the Market of a Practical, Economical Successor to the Horse

The Tracford Will Pull— Any load on any farm that can be successfully handled by three horses. Plows—Two twelve-inch bottoms in any ordinary soil—and a sixteen-inch bottom anywhere. Harrows—Two sections of spring-tooth—or three sections of peg harrow. Manure Spreader—Loaded and working. Drills, Roller or Pulverizer, Mowers, Binders, Corn Harvesters, Potato Diggers, Hay Loaders, Road Graders, Road Drags.

THE TEST— During the past week the Tracford has been working at the Experimental Farm, Ottawa, and has impressed keen observers with its work. Wherever a working demonstration has been made, the results are all the same—they all agree the Tracford to be the legitimate successor of the horse as a farm necessity. If you want to know more about the Tracford, send for our booklet "The Tracford Catechism."

## FORD

Costs Only \$165.00, f. o. b. Detroit, Duty Paid

Costs less than one good horse. Will do any work on any farm that can be successfully handled with three good horses. Combines power farming with the universal and cheap service and upkeep facilities available only with the Ford car. Loss of Farm power by disease impossible on the Tracford-equipped farm. THE TRACTOR ELIMINATES (1) Feeding-while-idle expense. (2) Extra Spring and Fall Horse-Cost. CUT OUT YOUR UNPRODUCTIVE HORSE POWER EXPENSE. Cost \$195 Each or \$585. They Eat 365 Days in the Year. Work at Most 150 Days. Have You a Ford? Then sell three horses and put \$400 in the bank, or into good dairy stock which will be a source of profit instead of expense. If You Haven't a Ford, Get One, from a second-hand Ford at from \$150 upwards to a new Ford, and still be \$250 to \$55 ahead of horses—besides owning an automobile—and a good tractor.

### DO YOU KNOW

THAT the horse is the most wasteful and expensive form of farm power? THAT the horse on the average, works only three hours a day? THAT almost half the gross cost of operating a farm is made up of horse labor? THAT the Tracford costs less than ONE horse and does the work of THREE?
