HIS CANDIDATE

Lively Northumberland Convention Condemned
Deals and Hole-and-Corner Nomination

Frank D. Swim the Choice of Delegates After a Great Deal
of Hot Sparring Between the Men Who Wanted to En-
dorse Ernest Hutchinson and Disgruntled Tories—
"Spruce-Logs-and-Religion" Elections Done For, Says
One Anti-Machine Man.

Chatham, N. B., Nov. 17.—The action of the Conservatives of Northumberland in convention today at Newcastle in nominating Frank Swim of Dakotaw as the candidate in support of the local govern- ment has shown the Liberals here just where they stand and the determination of Ernest Hutchinson, as expressed to his friends, to take no part in the contest in view of the action of the Conservatives now leaves the contest between the two parties.

Yesterday morning Ernest Hutchinson informed Hon. C. Robinson and others that in the event of the Conservatives nominating another man he would retire from the contest. He was as good as his word, for when called upon by the phone by W. B. Snowball after it was known that the Conservatives in convention at Newcastle had nominated F. D. Swim, he told him that he was still in the same mind and had definitely retired from the field.

The Northumberland Liberal Association has issued a call this afternoon for a convention in Chatham Thursday afternoon, November 19, and there are excellent chances for a candidate agreeable to all parties being placed in nomination.

From the recent magnificent victory the Liberals in this county are anxious to accept the challenge thrown to them today by the Conservatives. It is understood that the Newcastle convention was anything but harmonious, and that even many Conservatives who supported the local government last spring who are ready now to show their disapproval of the administration.

The action of the Conservatives today is virtually a vote of want of confidence in John Morrissy.

They know him to be a Liberal, and while Northumberland Liberals would like to see Morrissy in line with the party, they cannot see how he can remain a member of the Hazen Conservative administration, which supported the federal candidates so strongly, and at the same time where he properly belongs.

They recognize that while the Conservatives are in power, the Liberal representative, an endorsement of a candidate of his supporting the Hazen Conservative government will be misconstrued by the public throughout the province, and will be unfair to straight Liberals who are now convinced that Hazen appealed to them on a false issue.

The Northumberland Liberals sympathetic with Morrissy's position, but must be true to themselves. They would gladly welcome his return to the party and think that this is an opportune moment.

Newcastle, N. B., Nov. 17.—The convention called by the executive of the Northumberland Liberal Conservative Association met in the town hall this afternoon. About 100 men were present and every parish was represented by Glenelg, Harwick and Hogsவில். John Clark presided.

Secretaries T. W. Butler and W. H. Belyea explained the object of the highland manner in which Ernest Hutchinson's candidature had been forced upon the county by the local government without consulting the electors.

J. L. Stewart said that the people had a right to nominate their candidate. It was to protest against the highland manner in which Ernest Hutchinson's candidature had been forced upon the county by the local government without consulting the electors.

Resolved that this convention, individually and collectively, put upon record its determination to prevent by all lawful means the introduction into politics or use in election contest of any religious, denominational, or sectarian cry or other detestable subject calculated to appeal to the prejudices of the people, or to divert their judgment from the question at issue when depositing their ballots.

It was moved by E. Hayes and John Menzies, that they proceed to nominate a candidate in support of the local government. T. W. Butler, seconded by John Bets, moved an amendment favoring the nomination of an independent candidate.

J. Dale declared that a straight Hazen government was not an independent candidate. John Bets said the delegates were here voicing a protest against the Hazen government for forcing upon the convention a candidate without consulting the people. The amendment was withdrawn.

W. H. Belyea said Hazen had intimated that matters had been misrepresented to him. He was glad the amendment was withdrawn.

John Ferguson asked whether Hazen had been informed. Mr. Belyea said that matters had been misrepresented to him. Dr. Ferguson said that Hazen, although the government leader, was not the czar. If he made mistakes, he should be taught better.

The motion was carried. The following were appointed nominating committee: Messrs. Murphy, Robinson, Bets, Hayes, McLean, Menzies, Ferguson, Fraser, M. S. Stewart. The committee chose the names of Messrs. Swim and Flett to be balloted upon. The ballot was taken by F. D. Swim of Dakotaw, twenty-seven; for T. W. Flett, of Nelson, six. Swim's nomination was then made unanimous. The candidate then addressed the meeting, promising if elected to work for the interests of the whole people, rich and poor, as well as other classes, and not for any clique. He would do his best for good government. He wished to see carried out the resolutions passed at the convention.

Mr. Swim is a farmer and has a small wood-working plant also, at Dakotaw.

Premier Hazard Loses Three of His
Cabinet Members, Two Without
Portfolio

Government Majority Two, After Conceding Conservatives
a Doubtful Seat—Opposition's Chief Canvass Was That
the Province Didn't Get Fair Treatment in Readjust-
ment of Federal Subsidies.

Charlottetown, P.E.I., Nov. 18.—Allowing the Conservatives one doubtful seat, that for councillor in the first district of Queens, the Hazard Liberal government has been returned to power by the narrow margin of two, the standing of the party being sixteen to fourteen.

None of the majorities is narrow enough to be affected by special votes. Following are the members elected: Liberals—Agnew, Gallant, Richards, McWilliams, Smith, Laird, McMillan, Palmer, Cumisky, Hazard, Irving, Hughes, Warburton, Cox, McInnis, MacDonald (14).

Conservatives—Dobie, A. E. Arsenault, Delaney, James Kennedy, Wyatt, McNeill, Marlock, Kennedy, McLean, Prowse, McKinnon, Mathieson, A. J. MacDonald, Morison, K. A. MacDonald (14).

The following is the result by counties: Prince. First district—(Liberals) Agnew, 728; (Conservatives) McWilliams, 488; Richards, 640; (Conservatives) Dolery, 106; Campbell, 141.

Second district—(One place to hear from) (Liberals) McWilliams, 488; Richards, 640; (Conservatives) Dolery, 106; Campbell, 141.

Third district—(Liberals) McNeill, 397; J. E. Arsenault, 523; (Conservatives) Dobie, 411; A. E. Arsenault, 577.

Fourth district—(One place to hear from) (Liberals) Captain Joseph Read, 447; Hon. S. E. Reid, 408; (Conservatives) Delaney, 475; Kennedy, 736.

Fifth district—Wyatt and McNeill (Conservatives) elected by large majorities.

Queens County. First district—(Two places to hear from) (Liberals) Sinclair, 504; Smith, 728; (Conservatives) Kennedy, 252; Simpson, 650.

Second district—(Three places to hear from) (Liberals) McMillan, 445; Laird, 630; (Conservatives) Stewart 319; Doyle, 481.

Third district—(Liberals) Cumisky, 502; Palmer, 720; (Conservatives) Feehan, 463; Wood, 632.

Fourth district—(One place to hear from) (Liberals) Hazen, 551; Irving, 742; (Conservatives) Rogerson, 417; Ross, 524.

Fifth district—(Liberals) Hughes and Warburton, acclamation.

Kings County. First district—(Liberals) MacDonald, 458; Hearty, 328; (Conservatives) Kieckhafer, 477; McLean, 408.

Second district—(Liberals) McInnis, 317; Cox, 475; (Conservatives) McLasao, 288; McEwen, 370.

Third district—(Liberals) Johnson, 298; Clay, 412; (Conservatives) MacDonald, 309; Morison, 541.

Fourth district—(Liberals) Brehaut, 297; Inman, 420; (Conservatives) McKinnon, 346; Browne, 487.

Fifth district—(One place to hear from) (Liberals) Sinclair, 504; Smith, 728; (Conservatives) Mathieson, 316; A. J. MacDonald, 421.

The first named man of each party is councillor elected by property vote only. The second is assemblyman elected by both property and franchise vote.

The result is a general surprise on both sides. Prince county that returned nine Liberals in 1904, now returns but four.

The other counties remain proportionately as before.

The government lost Hon. S. E. Reid, commissioner of agriculture, and Hon. J. M. Clark and Hon. P. McNeill, ministers without portfolios. Premier Hazard and his cabinet increased their majorities while the opposition leader had his reduced.

The government will have to appoint a new commissioner of agriculture who must go to the country for re-election. It is likely one of the safest seats will be secure to the government.

Unanimous Choice of
Liberals

Large and Enthusiastic Con-
vention Yesterday Sangu-
ine of Electing Their Popu-
lar Nominee—F. B. Car-
vell, M. P., and Others
Make Stirring Speeches.

Woodstock, N. B., Nov. 18.—George W. Upham, lumberman and millman, of Woodstock, and one of the most popular men in the whole county, was unanimously nominated this afternoon by the Liberals of Carleton county in Graham's Opera House.

The gathering numbered close to 500 and was thoroughly representative. Never before has the Carleton Liberals been so enthusiastic or so hopeful. They have their opponents on the run and will put up a whirlwind fight during the rest of this month.

President James A. Barter, of Avondale, called the gathering to order at 2:30. F. Thorne, secretary of the association and the other members of the executive all being present. Mr. Barter said it was a matter of great personal regret that advanced age and bad health forced him to resign his office. He called for nominations for a new president.

Mr. Barter said it was a matter of great personal regret that advanced age and bad health forced him to resign his office. He called for nominations for a new president.

The actual work of the day was then proceeded with, the nominating committee consisting of the following—Mr. M. Woodcock (town)—Ald. Coles, Dugan, James W. Gallagher, Albert G. Fields, C. D. Johnston.

Woodcock (parish)—Solomon Perley, Charles G. Hand, Charles Peabody, and Charles Gough.

Northampton—Henry Phillips and F. L. Ryan.

Richmond—W. O. Johnson, Oliver R. Hemphill, Richard Roach and Joseph Merrithew.

Lakeland—Byron Robinson, Charles M. Shaw, Harley Hannah, Milton McBride, Wilmo-Fred Tweedie and Merrill Tracy.

Wicklow—Councillor Carey Ealey, John Holmes, Wellington Jameson and Bennie Tracy.

Kent—John W. Hohan, Amos Demerchant, Charles E. Gallagher and William J. Gallagher.

Simonds—Holland Estey and Councillor Odine Shaw.

Peel—Andrew McCain and John Brook-er.

Brighton—Frank Hazegman, C. Humphrey Taylor, C. E. Hayward and Woodford Craig.

Aberdeen—Councillor E. S. Gilmore, Joseph Nixon, Murdoch McKenzie and Frank Stant.

It took the committee but a few minutes to make a choice, only one ballot being necessary. George W. Upham received an overwhelming majority. The vote was immediately made unanimous, whereupon the committee through its chairman, Charles E. Gallagher, submitted Mr. Upham's name for ratification.

The vast audience to a man rose to its feet and cheered for minutes. It was one of the greatest receptions as a candidate ever got in this county. When the applause had partially subsided, Mr. Upham came forward to speak. He said he had gone down last March fighting a good fight, but owing to the fact that the Liberals were then dismissed, a great many having listened to the pleasing promises of the enemy, defeat was not to be wondered at. Now things are united, triumphant, and confident. The Hazen government is discredited and even its strongest supporters are inclined to admit that it is one of the biggest disappointments the country has ever known.

When the delegates had ratified, Mr. Upham's name for ratification. The vast audience to a man rose to its feet and cheered for minutes. It was one of the greatest receptions as a candidate ever got in this county.

PETITIONS SO FAR IN
HAVE 7,000 SIGNATURES

Statement of Prohibition Campaign
Results to Date Includes Only Pa-
rishes, No Large Centres.

The signatures on the prohibition petitions already in the hands of E. N. Stockford, secretary of the N. B. Temperance Federation, number about 7,000. These are from some of the parishes and do not include any from the larger centres of population, such as St. John, Fredericton, Moncton, Woodstock and St. Stephen.

There were in all some 700 petitions sent out and they were placed in churches and temperance society rooms for signatures. Every county is included, though the work was not taken up in Madawaska until recently. Though it was at first planned on having all the petitions in the hands of the secretary by Nov. 16, the time, as announced yesterday, has been extended indefinitely. It is now hoped to have all the petitions in a meeting of the federation called and an interview with the provincial government arranged about the same time.

LOST AT SEA: CARGO
FOR ST. JOHN ABOARD

Tuesday's New York Herald says: "A cable message from Captain Stevens from Arroyo, Porto Rico, to the agents at New York, states that the schooner John M. Brown, from Brunswick (Ga.), Oct. 15, for St. John (N. B.), was lost at sea, crew saved.

The Brown had on board about 300,000 feet of pitch pine lumber for Thomas Bell & Co. of St. John, which was insured.

The J. M. Brown was built at Fair Haven, Conn., in 1883, and registered 452 tons gross and was owned by Captain Stevens and others.

Chatham, N. B., Nov. 18.—Quoting a remark of a prominent Conservative, John D. Creighton, that the action of the Conservative convention in Newcastle yesterday looked like a rebellion against Mr. Hazen and Mr. Morrissy, the Chatham World, the leading Conservative paper in Northumberland and supporting the Hazen government says:—

"If Mr. Hazen and Mr. Morrissy constitute the local government party of Northumberland and if the electors are merely their humble subjects and bound to do their bidding then it is rebellion. If, however, the electors constitute the party and if Mr. Hazen and Mr. Morrissy are in office by the votes of the electors and as the representatives and servants of the people then the action of the convention is not rebellion but an expression of the people's will on a subject that the people have a right to decide.

"Masters are not permitted anything like boss rule in the province. We are going to try and elect a man who will support them as long as they prove worthy of support, but we are not going to do their bidding and elect men they choose to pick out and nominate. The dog must wag the tail. When the tail wags the dog some one has a grip on it and the dog bites.

"If the contest that is threatened disrupts the party in the county, so must it be.

RESTIGOUCHE GIRL
DIES OF LOCKJAW

Campbellton, N. B., Nov. 18 (Special).—A very sad event occurred at 6 o'clock this morning at Sandy Hill Station, opposite Campbellton, when Christina, the fifteen-year-old daughter of James Keane, succumbed to a very severe form of lockjaw. The young girl had been to school last week as usual and on Saturday her thumb began to swell, and this soon developed into lockjaw.

Doctor Martin was summoned but could not relieve the young sufferer and she succumbed this morning. Her father, the young girl, is at present away from the woods and this makes the affair very sad.

The New Farmer.

(New York Independent.) The change is overwhelming. The farmer is a new sort of man; a creator instead of a destroyer. He is dawning upon him, with astounding emphasis, that he can obliterate all the forests of a continent in a hundred years; can exhaust the oil wells and coal fields of a country; can turn a garden into a desert; can even use up the nitrogen of the air. The new agriculture teaches that he can do all this to reverse, and that reverse irrigate his land, and defy drought as well as floods. He will produce a scientific, forwarder, and every farm will produce wood and lumber as well as wheat and apples. A single acre will produce what ten acres yielded in the past. As our schools become places for applying as well as acquiring knowledge, our farm homes will become integral parts of the garden school and the school farm. The alliance between the home and the school will become very close. A valley full of farms is already the nearest to Paradise that we have, but the future will tend to its wealth and one hundred-fold its delights.
