Scores of His Former Supporters Now With the Opposition

Five Liberal Meetings Last Night Marked by Great Enthusiasm—Government Alarmed at Turn of Affairs—F. B. Carvell to Take a Hand in the Campaign This Week—Hon. Mr. Robinson and Other Members Are on the Stump.

Special to The Telegraph.
Fredericton, N. B., March 20.—(Special.) The opposition campaign for the election of George F. Burden began again this evening with splendid meetings in five places in the county. Perhaps the largest and most important was that held at Millville, where W. A. Hay was chairman and Geo. W. Upham, M. P., was speaker. The audience at the last election, amounting to what was the largest ever held in that place, was the ultimate annexation of the latter country.

work of this kind were prominent supporters of the Hazen party at the last election. At Burtt's Corner the opposition speakers were heard by a crowded house. At the city opposition committee rooms tonight there was a splendid attendance of good party workers. C. Fred Chestnut was in the chair, and there were many cheering short speeches, among them one by ex-Sheriff Sterling, which aroused much enthusiasm. He remarked that he would have the first opportunity in many years to vote, and among other pertinent questions he asked was, what had Premier Hazen done for the city of Fredericton since he had been in power? His attempt to make the city have an expensive sewage system, an attempt that was frustrated by the opposition, showed how little interest he had in the town of which he had been mayor and an alderman.

Montreal, March 20.—The introduction of the McGill students into the anti-reciprocity demonstration tonight was hardly the success the promoters looked for. At 7:30 Mr. Sifton addressed the McGill men in the Union. His speech was not a success, a gathering of about forty reciprocity men having encircled themselves in the gallery from which they continually hurled interruptions.
