The Daily Tribune.

J. L. STEWART, EDITOR. THURSDAY EVENING, FEB. 18.

Our Financial System. It would not be possible to invent a more execrable financial system than the one in use in St. John. The City is divided into two sections for purposes of taxation and expenditure, and each of those sections is divided into several way co departments. There is an East Side fund, a West Side fund, and two or three debt, a West Side debt; East Side revenues and West Side revenues, etc.

Brigham Young has sufficiently recovered to sit up and get married occa

Hill's Rheumatic Pills—

Covered to sit up and get married occa This sectional and departmental system of assessment and expenditure is disadvantageous in every way, and should s be abolished. The city should be a True merit, like the pearl inside an unit, and the taxes should be uniform in oys'er, is content to remain quiet till it should be levied, and when East Side or West Side needs improvement the money should be taken from the general fund for the purpose. When streets economize by burning almanacs instead need repairs, or other expenses have to of wood and coal. be met, the money should come from a Mr. Spencer, of Moodus, Conn., cast a lar account. The separate fund system is a farce in a great measure. There i... Child the other day. No wonder they call a repeating rific a Spencer. for instance, a certain annual assess-contested law suits ever known in Michi noney is required than is received. The claimed the same waterfall.

ome departments being heavily in debt months. and others showing a surplus. The public accounts are very much mixed

dation of assessments and expenditures, and a financial union of the two sections quettish beauty indicated, "I should say more of a fool." of the City. Should Portland be absorbed, in the way Carleton was, separate ments being levied and separate assessments being levied and separate accounts being kept for it, what a Civic Trinity St. John would be!

Office. The father of the lad shortly afterwards appeared to claim him.

The Zoological Exhibition is to have still send it to you."

The Zoological Exhibition is to have still another great attraction. Mr. Ducello Dec. 31, 1874 (less debentures on hand)

a rather dismal view of the educational

The fact is evident, and the statistics will show it, that notwithstanding the lavish expenditure of money the building of edifices of an extravagant character, and the whole attention of the people being devoted to the system of education, owing in each of those States to the enormous centralization of values, leaving in their circumference and surroundings people without power and without the means of procuring an education, and the circumstances attending the factory system, to-day in proportion to the people that there are more unlettered people than there were in the time of the Revolution.

Cardinal Cullen is a man of business. He is not content with looking after the

The fact is evident, and the statistics will show it, that notwithstanding the lirivile expenditure of money the builting expenditure of money the builting expenditure of money the builting of the period of the system of evidence of the period of the period of the system of evidence that of visible expenditure of the system of evidence that of visible expenditure of the mission of the system of evidence that the even states to the population there are more under the people without the usens of procuring an edition of visible that the even states to the population there are more under the people without the usens of procuring an edition of the production of the population there are more under the production of the production that the production of the production of the production that the production that the production of the production of the production that the production of the production that the production of the production of the production that the production of the production that the production that the production of the production that the production of the production that the production of the production that the production that the production of the production that the production that the production that the production of the production of the production that the production of the production that the produ

and the censor of the evil acts of all, and it is peculiarly gratifying to find our contemporaries bearing witness to the fact by declaring that "the Opposition has no organ in St. John." Such a spontaneous recognition of our indedendent course, such an unsolicited refutation of the charge that this journal
