STRANGE BUT TRUE.

THE ONLY SURE CURE FOR DROPSY READ THE FOLLOWING Messrs. C. GATES & Co.,

Cotson's Point, Nov. 20, 1881. Gentlemen—I should have written to you before, but neglected to do so. I feel it my duty to send you the following information from gratitude to you and the benefit of the medicine. About five years ago I was greatly afflicted with Dropsy; my legs were swollen to an enormous size; I could not even get from my bed without the aid of my wife for several days at a time. I tried all kinds of patent medicines, and a number of bottles of Dr. Thomas' Electric Oil, and also Johnson's Liniment, but found myself worse. I applied to several doctors, from whom I received no benefit. In the following summer I went to Halifax, to the Provincial Hospital, and lay under the doctors' treatment for eight weeks. I had my legs tapped twice and bled several times. I suffered day and night—everything but death. I then felt that I must die, and I was prepared to receive little or no benefit, and expecting never to get any better. I was then advised by a friend to resort to your valuable medicine, No. 1 Syrup and No. 2, and No. 3, Bitters, with a box of Nerve Tonic and Vegetable Plaster. The first few bottles I used I did not feel much better, but when I had taken six bottles the swelling was going down in my legs, and my whole system began to feel better. In all the Provincial Hospital and I am now enjoying the best of health. I am thankful to God that he made your medicine an instrument in His hands of saving my life.

Yours very truly, W. E. SHAFPER. Sworn to before me, at New Dublin, this 27th day of December, 1881. JOHN GAUL, J. P.

SHUTTLEWORTH'S INKS.

These INKS are rapidly taking the first place among ornamental fluids, and wherever introduced, have given perfect satisfaction. They are prepared with unusual purity and may always be depended on for uniformity.

Blue Black Writing Fluid. Will be found a great comfort to those who have much writing to do, as it possesses all the characteristics of the best blue ink, and has been found to be of a superior in regard to its freedom from a tendency to dry and curdle the pen. Testimonials have been received from many gentlemen holding the highest places in professional and Commercial circles, and the Writing Fluid is now largely used in leading Legal, Educational, and Financial Establishments.
