

CASH'S Wash Trimmings
English Manufacture

Sewed on in a moment, Cash's Wash Trimmings add just the right touch to children's dresses, Russian blouses, pinafores and rompers; and nothing is more effective and serviceable for kimonos, dressing sacques, one-piece dresses, waists, bathing suits, etc.

Cash's trimmings are beautifully embroidered on very fine fabric, and are strikingly effective. They range in width from 3/8 inch to 2 1/2 inches. Cash's English Wash Trimmings are guaranteed absolutely fast. Be sure you see the Cash trade mark (the three spires).

Write us for samples and illustrated pattern book in color. With it we will send illustrations of many ladies' and children's garments, with their pattern numbers, showing the latest spring and summer styles by the best known paper pattern companies, selected especially by experts to indicate many smart ways to use these trimmings. The patterns can be bought at your dealer's. Write for these and see how lovely an inexpensive summer costume can be made.

"I hear it called —
'The machine with the human-brain;'
I call it 'The machine
with the *Super-Human Brain*.'"

Thus spoke the Auditor.

He was speaking of the

Remington

Adding and Subtracting

Typewriter

(Wahl Adding Mechanism)

This machine does something that only the brain, directing the hand, has hitherto been able to do—that is, *write and add (or subtract) on the same page*. But this is not all. It does such work *more easily, more rapidly, and more accurately* than the human brain has ever performed similar labor. Thus the machine is *human* in what it does and *super-human* in the way it does it.

Durable--- Fire proof--- Handsome

St. Agnes Church, Megantic, P.Q.

It is very doubtful if any other roofing will give perfect protection for as long as will Asbestoslate Cement Shingles, for, made of Portland Cement and Asbestos, these shingles are practically indestructible.

No other roofing can better guard your building against fire, for Asbestoslate Cement Shingles are, in their very nature, absolutely fire proof.

Scarcely any other roofing is so handsome as

ASBESTOSLATE CEMENT SHINGLES

in their soft, permanent shades of Indian Red, Newport Grey and Slate, and in plain and various fancy shapes.

No other roofing combines these three important qualities in such high degree.

Write for Booklet C.C., telling all about Asbestoslate Cement Shingles.
