Name Change For Varsity Teams Left In Limbo

are all aware, a new name for the University of New Brunswick athletic teams was disappointingly not announced. After months of deliberation, polling and name contests, the committee chosen to announce thé name did not come through. As a result UNB's new name is left in limbo and appears not to be soon forthcoming.

Although numerous individuals, at present, do not feel this way, we, the elected members of the Physical Education Society, feel it unfortunate for the students of UNB that a name was not effected, as was originally planned.

One of the main reasons why we feel that the "new name" idea is not as popular as it should be, is due to the lack of overall understanding by the student, coaching and alumni population, for the need of a universal name.

We would like to express our thoughts on this matter, so that possibly the individual reading this article might understand the reasons behind the "new name" proposal.

suggested for several reasons. It has arisen out of the need by the university to be recognized ant. It is often they who provide nationally. As it is now, our varsity the winning atmosphere for our teams are called everything from their own individual name, to any does go into athletics, each of the other names on campus and student has a right to feel part of more. Fri. & Sat.

Last week, as we are sure you concerns each and every student on campus. We feel that a universal name for our athletic teams will bring unity and a sense of enthusiasm back to this campus. Primarily, the one name will give everyone a sense of belonging to something.

For example, at St. F.X everyone is an X-man. Whether the individual is a Basketball player, a volleyball player, a football player, a spectator, makes no difference, that person is an X-man and would call himself that. Everytime a St. F.X. team plays, it represents each and every X-man. The one name principle gives every student of St. F.X. something to identify with.

At UNB if you are not a Bomber a Bloomer, Rebel, Mermaid, etc. then you really have nothing to identify with and therefore cannot call yourself anything. This is probably one of the key factors as to why there is such a poor showing at most athletic events,

Although the athletes in our athletic program are of prime The new name idea has been concern, the rest of the student population, meaning potential spectators, are also very importteams. Since a portion of their fees way. By giving everyone one name, both athletes and students.

NBTrack Team defeats NS

Last Monday, six athletes from the UNB track team represented New Brunswick at a dual meet against Nova Scotia. The meet was held at the UNBSJ Fieldhouse and featured teams of around 50 people from each province.

N.B. won the meet with a final score of 256 over N.S. with 243 points. UNB athletes contributed 25 points to the N.B. total.

Top UNB athlete was Robyn Scott who set a new provincial record on her way to winning the senior women's shot put. The new mark now stands at 11.93 metres, over 1 metre further than the previous record of 10.74 metres. Scott recently won a bronze medal at the Quebec Championships in
