sound reason to seek that privilege whereas Hydro as a part developer in the St Lawrence has every reason to obtain that right until the load on both sides of the stream is finally adjusted.

Now I have written you at great length. I am still confined to my house - the tenth week. If able to travel next week, I hope to leave for Victoria with my family. I am satisfied that Hydro is in safe hands, and I wish the Commission under your guidance every success.

Yours sincerely,

Hen. J.R.Cooke,

Chairman, Hydro Electric Power Commission  
of Ontario,

Toronto

P.S. I have read over the foregoing and it is about as feeble as I am myself at the present moment. It may, however, give you an idea of what is in my mind.
