Ottawa 29th June, 1909.

Sir,

The Department has again heard from the Halifax City Home in regard to the case of the girl Maggie Paul. It appears that she left the Institution on the 16th instant, and went to Liverpool N.S. An account amounting to \$20.72 has been submitted for her maintenance and care from the date she entered the Home, 20th April until she was discharged. It is enclosed herewith. Kindly attach it to voucher forms, certify and return for payment. As this account covers the whole period the girl was in the Home it should take the place of the account for \$17.40 sent you on the 21st instant, which latter account you need not send in. As previously intimated the Department awaits a report from you with regard to this girl.

Your obedient servant.

Secretary.
