Sir

The Messrs J. C. Powers & Co. who have the contract to supply brush plows at the Assiniboine Reserve, Battleford and the Peace Hills have advised this Department that after an unavailing effort to obtain the "Fish Ontario" plow named in the Schedule they have been obliged to order "John Brown" brush plows instead. It is stated that the Fish plow is no longer made.

May I request your Honors to notify the Agents at these points

Son. C. McDougall
