### WILL JUSTICE BE DONE?

#### TALK OF PUNISHMENT FOR BRUTAL LYNCHERS.

#### Morbid Curio Hunters Seize Pieces of Bones From Body of the Mob's Victim.

Wilmington, Del. June 24.—The natural and interesting question whether the authorities will take action looking toward the arrest and punishment of those who were prominent in the lynching of George White early yesterday. That many of them are known cannot be doubted for they were seen by the thousands who witnessed the affair. It is also known that the arrangements for the lynching were talked of in advance, and that men were invited to participate and given notice of when and where to assemble. It is a fact that public sentiment so generally approves the lynching that it would be hard to secure the conviction of a lyncher even if arrests were made, which seems doubtful. During the day thousands of persons went to the scene of the lynching, many of them intent upon securing ghastly relics. In this, however, they met with little success, as the burning had been so effectual as to destroy almost every vestige of the victim's body. The only remains were pieces of his bones, which were eagerly snatched by the crowd.

Judge Grubb of the County Court made a public statement, in which he deplored the lynching of White, and its consequent reflection upon the good name of Delaware. Judge Grubb also explained the action of the court in refusing to call a special session of the Grand Jury for the indictment of Miss Bishop's murderer. He says the trial would have been attended by such public clamor and prejudice that a fair trial would have been impossible, and the court would have been compelled to grant the motion of the prisoner's counsel for a change of venue. Once the prisoner was moved to the insecure jail of Kent County or Sussex County he might have escaped.

During the sensational sermon preached on Sunday night by Rev. R. A. Elwood, pastor of the Olivet Presbyterian Church, to which previous reference has been made, he said: "Should the murderer of Miss Bishop be lynched? Yes, but only under one condition, and that is this: If his trial shall be delayed until September, and then, though he is proven guilty through some technicality of the law, or any undue influence upon either judges or jury he be not given capital punishment."

Yesterday Mr. Elwood said: "I am very sorry it happened as it did. I believe the man should have had a legal trial, but I also believe that he should have had a speedy trial. The lesson we can learn from last night's outbreak is that the people are tired of the delays of the law. Certain terrible crimes require stern and speedy punishment, and when the machinery of the law is not set in motion the people, impatient of the delay, move themselves. I personally deplore the lynching. I believe, however, if the judges yesterday had announced that they would call a special session of the court and try the man at once the lynching would have been averted."

Nearly all of the clergymen in the city held a meeting in the Y. M. C. A. Hall and adopted resolutions condemning the lynching as an act which has brought reproach upon the State, and calling upon all classes and conditions to condemn and berate such lawlessness and inhumanity. The resolution concludes with a pledge to insist on the sanctity of the law through the pulpit.

### SONS OF SCOTLAND.

#### Meeting of the Grand Camp at Brantford.

Brantford, June 24.—The Grand Camp of the Sons of Scotland commenced its annual meeting here yesterday, and business will probably be wound up to-day. About 120 delegates are in attendance. Last night an informal reception was held at the Kerby House, and a social evening was heartily enjoyed. This morning addresses of welcome were made by Mayor Halloran and Mr. T. H. Preston, M.P.P., and responded to by Mr. John Donald of Toronto and Mr. Bartley Craig. Ald. Leitch also assured the visiting delegates that the city was theirs.

An official address of welcome was read by Mr. S. M. Thomson, on behalf of the local lodge, Camp Scotia, and this was feelingly responded to by Grand Chief Fraser.

At the session in the afternoon an honorarium of \$1,600 was granted to the Grand Chief, Alex. Fraser, for his splendid services during the past two years. The salary of the Grand Chief was fixed at \$500 per annum for the next two years, and that of the Grand Secretary, D. M. Robertson of Toronto, was increased from \$1,200 to \$1,500 per year. An increase was also granted to the Grand Medical Examiner, Dr. Wylie of Toronto. In future he will receive 50 cents instead of 35 for every certificate he examines. It is possible that the officers may be elected to-night, and most of the officers are slated for re-election. There is likely to be a fight for the Grand Chairmanship, the candidates being Dr. Gilchrist of Orillia, S. Mearns of Toronto and the present holder of the office, J. B. Dow, of Whitby.

### MOONLIGHT

#### EXCURSION

The St. Andrew's Sunday School held their annual moonlight excursion down the river last evening on the City of Chatham. Although the weather might have been better, yet the excursion was not a failure. The boat was by no means crowded, still there were many who purchased tickets who did not go, so that a considerable amount of money will be made.

Those who did attend were in a joyful mood and a very pleasant time was spent. The 24th Regiment Band was in attendance and furnished excellent music during the entire trip. The ladies who managed the refreshment stands were kept busy all the time and succeeded in disposing of the greater part of their goods.

J. M. Park and Dr. Duncan were the favorites with the band. At intermission these gentlemen came to the bandmen with ice cream. The gift was much appreciated.

### IRISH LAND BILL SAFE.

#### SERIOUS OPPOSITION HAS BEEN WITHDRAWN.

#### The Landlords Have Accepted an Amendment Enlarging the Purchasing Powers of the Tenants.

London, June 24.—A compromise was reached between the Nationalists, landlords and the Government whereby serious opposition to the Irish land bill is withdrawn, and unless unexpected difficulties arise the measure, which comes up again in the House of Commons to-morrow, is likely to be speedily passed. The compromise consists in the landlords' acceptance to an amendment to the first clause, enlarging the purchasing rights of the tenants.

### A NOVEL SUICIDE.

#### New York Man's Fatal Jump From a Train.

New York, June 24.—Archibald Morrison, a salesman, committed suicide to-day in a novel way from the Brooklyn Bridge. He climbed the platform railway south of the Brooklyn tower, jumped on to a train bound for Brooklyn, fell off the last car, struck the third rail, was flung across the track, fell through the ties and landed on Front street, more than 100 feet below, a mangled corpse. Morrison was not seen by anyone before he landed on top of the car. A passenger on the rear platform of the last car of the train saw him jump and yelled. This brought everybody in the car to their feet, and all was excitement. As Morrison jumped part of the car ran under a bar crossing the trestlework, and he was hit by it. It swept him off the car, landing him on the third rail. He was probably dead before he landed in the street.

### DOUGAL CONVICTED.

#### Another Chapter of the Moat House Murder.

London, June 24.—Another chapter in the now famous Moat House mystery was closed, when Samuel Herbert Dougal was found guilty of the murder of Miss Camille Holland and was sentenced to death. The trial took place at Chelmsford, commencing yesterday, and Dougal, who offered no defence, listened throughout and, apparently unmoved to the strong circumstantial evidence given against him. Miss Holland, who was a wealthy woman, well educated, but eccentric, went to live with Dougal, a stalwart man about fifty years of age. They rented a gloomy old building known as the Moat House, at Saffron-Walden, Essex. One day, according to the evidence of their housekeeper, Dougal and Miss Holland departed in a trap, ostensibly for the station, it being said that Miss Holland was going away for a few days to visit friends. Dougal returned without her, and no one ever saw her alive again. Months afterwards suspicion was aroused by Dougal trying to obtain money which had been banked or otherwise invested by Miss Holland. He was arrested, and after a long search Miss Holland's body was found buried in the Moat House grounds, with a bullet wound in the head. Dougal was then charged with murdering her.

### CONFESSED EMBEZZLER.

#### Hamilton C. Wallace of Sarnia Surrenders in New York.

New York, June 24.—Hamilton C. Wallace, formerly cashier of the Canadian Bank of Commerce at Sarnia, Ont., was held in \$2,000 bail in the Tombs Police Court to-day upon his confession that he was wanted on charge of absconding with \$58,800 belonging to the Sarnia bank. He surrendered voluntarily.

Our old friend Gayman is in a bad hole now, eh? What makes you say that? Because of a death in his family. You don't say. Who's dead? Why, Gayman.

### SIX MONTHS' HOIST.

#### SENATE AGAIN KILLS UNION LABEL BILL.

#### It Had Few Friends Among the Members, Who Thought it a Boycotting Weapon.

Ottawa, June 24.—In the Senate Senator Watson moved the second reading of the union label bill, and asked that it be referred to a committee to hear all parties affected. Senator McMullen cited a case where the employees of a Missouri manufacturer went out on strike because the employer refused to mark his goods "union labor product." He moved the six months' hoist. Senator David opposed the bill and characterized it as a despotism of the worst kind. Sir Mackenzie Bowell saw no advantage in referring the bill to a committee, as they were all thoroughly aware of what was proposed. Senator Sullivan thought the six months' hoist would be discourteous. He did not approve of the bill, but would give its supporters a fair hearing. Senator Ferguson would support the motion for the six months' hoist, as he believed the bill was intended to enable labor unions to boycott non-union shops. Senators Dandurand, Vidal and Perley spoke, and on vote the Speaker declared the six months' hoist carried.

The Senate passed a bill for the incorporation of the new Canadian Company, after Senator Landry had denounced the promoters for publishing falsehoods and misrepresentation in England. He charged them with asserting that the port of Gaspe is open all the year round, or for at least ten months, and that 70 out of 140 miles of railway had been constructed. The latter was a deliberate falsehood. Senator Dandurand replied to Senator Landry.

The Chinese immigration bill was read a third time and passed.

### GUARDING RAILWAY MEN.

#### Amendments to Mr. Blair's Bill in the Commons.

Ottawa, June 24.—The House made good progress with Mr. Blair's railway bill, and passed a number of important clauses, including the safety appliance sections, in which were incorporated the chief provisions of the bill to promote the safety of employees, promoted by the trainmen's associations. This evening supplementary estimates for the current year were again under consideration.

Hon. Mr. Fisher introduced the bill to give effect to his resolution respecting the marking and packing of butter and the prohibition of the manufacture of process butter.

Last evening the House went into Committee of Supply upon the estimates for the Northwest Mounted Police. In reply to Dr. Sproule Sir Wilfrid Laurier said he regretted that he saw no prospect of reducing the force for some time. The old settlers would have to be gradually left to look more after themselves, but the men who were released in this way were required for the new districts that are constantly being opened up. The estimates for Mounted Police, amounting to \$900,000, were voted in 20 minutes.

The steamer Bayfield was sold last March to Harrison & Co. of Owen Sound. She had been used as a survey boat and lighthouse tender, but was condemned and sold for \$3,200. The Opposition complained of the sale of the boat by other than public tender. Mr. Bennett said the boat had been disposed of to a party friend of the Government, and had she been offered by public tender, she would have brought twice as much.

Mr. Thomson (North Grey) reiterated the assertion that the Bayfield, if put up at auction, would have brought double the amount the Government received.

Hon. Mr. Prefontaine replied that the vessel was sold on the advice of Mr. Stewart, an old and responsible officer of the department, but of course

Mr. Bennett and Mr. Thomson might have superior knowledge regarding the value of the vessel as compared with the men whose duty it was to examine the boat and who advised the sale. As a matter of fact the purchasers, a few days after they had paid for and took possession of the vessel, wanted their money back again.

Mr. Bennett expressed the opinion that the Minister of Marine and Fisheries had by his action in this case justified the fears expressed by many Liberals and a section of the Liberal press in Montreal when he was called to the Cabinet, that he was a dangerous man. The sale of the Bayfield was nothing more nor less than a political job, connived at by the Minister and aided and abetted by him.

Hon. Mr. Prefontaine promised bringing down the report upon the condition of the Bayfield, together with all the papers on the subject.

### Two Engineers Killed.

Raleigh, N.C., June 23.—In a head-on collision between two seaboard air line freight trains at Naigara, near Southern Pines, N.C., to-day, Engineers S. D. Stewart and W. P. Well, both of Raleigh, were instantly killed, and Fireman Wright of Raleigh dangerously hurt.
