

## MARCH

LIGHT and airy,  
Bright and breezy,  
Short this rhyme,  
But oh, so easy.  
In the spring,  
The lamb it comes  
In and out,  
Around it runs,  
Places never been before.  
Fancy, 'neath the lion's paw,  
But have no fear  
They play together,  
Just these two,  
Through chill March weather.
