Spraying Potatoes with the *Spramotor* **20 . . ACRES DAILY**

Seems incredible that farmers should use old methods, when they can kill both Potato Blight and Bugs, in one operation. One man with a SPRAMOTOR can spray 20 acres in a day.

The SPRAMOTOR drives out a perfect mist spray, thoroughly covering the plants, and destroying every vestige of fungi and insect life. It's the only way to grow potatoes profitably, and will double the crops at a trifling cost.

Send us your name, and we'll mail you free an 84 page Illustrated Treatise on Spraying, and full particulars of the SPRAMOTOR, which is saving the farmers of Canada thousands of dollars annually. It will spray other things too.

Spraying with the SPRAMOTOR will entirely eradicate Mustard. Full particulars in our book on spraying.
