### MARKET REVIEW AND FORECAST

A review of the Farmers Market this past week shows an increasingly strong demand for live stock. Wheat is a trifle stronger. Barley has advanced and mill stuffs have declined. Dairy produce is stendy.

steady.

Quotations have advanced a triffe since last week. Reports of the crop in the Argentine are most favorable, practically already to the crop in the Argentine are most favorable, practically already to the control of cold weather with no snow in the cold control states, however, more than counterman Rataes, however, more than counterman Rataes, however, more than counterman and the local exchange outer No. 1. Navorable 1941-26. No. 2, 26c: No. 3, 261-26; feed where the local exchange outer No. 1. Navorable 1941-26. On the control of the control of

COARSE GRAINS

The most notable change in the coarse grain market has been the 3c advance on barley. Dealers really need the barley, but have been holding back for the farm. but have because really need the barley, but have because really need to make on the farmer of the f

side: feed, 50s to 56c.

LIVE STOCK

The live stock market is strong. Receipts have not been as liberal as city dealers would wish, and the market is, if anything, higher than it was last week.

Toronto, Monday, Jan. 13.—Business is already reviving from the holiday Iuli, and already reviving from the holiday Iuli, and already a good volume of spring or orders coming disposed of 8.6 freely are comption, wholesalers take a new year.
