

## Frost & Wood No. 8 Mower

This Mower has proven to farmers in all parts of the land that it cannot be beaten on the market to-day as a HAY CUTTER. It will pay you to see and examine it closely before buying any other. We would call your attention to:-

**The Internal Gear, Spring Foot Lift, Roller and Ball Bearings, Forged Steel Pitman Connections, and the Absence of Neckweight.**

Our Catalogue "F" for 1905 is full of valuable information. Your name and address on a post card will bring it and a HANDY VEST-POCKET MEMO. BOOK to you.

## Chatham Incubators Hatch Spring Eggs into Fall Dollars.

May and June are the best months to start in. June hatched chicks grow like weeds during the early summer and many of the risks of the business are avoided if you start now.

No Cash to Pay  
Until Fall, 1905.

Every chick you can mature and market in October is worth 50cents, if not more. The next three months are the right ones in which to get started in the chicken-raising business. There's good money in it and the women folks and children can do all the work that needs to be done in about one-half hour daily.

The way to make poultry pay is to get "broiler" chicks of uniform size and weight ready for the market when prices are highest, and the only way this can be done is with a good incubator. The one that is sure and never-failing is the CHATHAM. If the egg is fertile the chick is sure to be hatched every time by a

## Chatham Incubator

So sure are we of results that we take chances on your success before we get our money for the machine.

**We will ship you a Chatham Incubator, freight prepaid, and give you two years to pay for it. Nothing to pay until November, 1905.**

The Chatham Incubator pays for itself every hatch, and if you get started now, which you should, the June hatched chicks will have a market value of 50c. each by October, thus enabling you to pay for the incubator without using one cent of money not earned by the machine itself.

Our beautiful and complete book, "How to Make Money Out of Chicks," tells the whole story. No poultry raiser can afford to be without it. It's FREE. Send for it NOW.

The DOWSLEY SPRING & AXLE COMPANY, Limited  
CHATHAM, ONTARIO.

## SAFE-LOCK SHINGLES

make a perfect roofing for HOUSES, BARNs, STORES, etc. Weather-proof, ornamental, lasting in quality, protect from fire and lightning.

If people would realize the danger in using wooden shingles, and making fire-traps of their buildings, they would use exclusively Galvanized "SAFE-LOCK" Shingles. They are easily applied; add to the handsome appearance of any building; keep rainwater clean, as no dust adheres to them; should easily last fifty years, without any painting or attention, as they have no parts to get out of repair, and interlock each other on all four sides. They protect from lightning, and give their owners a contented mind, which makes up for the difference in first cost as compared with wooden shingles. In the long run they are the cheapest roofing sold.

Send us rafter length and width, for estimate, and we will make you an interesting proposition. Catalogues mailed free and samples sent by express, you paying the express charges, which will be allowed on first purchase.
