examination, which took place in Madoe Dec. 22, 23 and 24. PETERBOROUGH. The boys division of the Separate school in Peterborough, under the principalship of Mr. Brick, did remarkably well last year, fifteen boys having passed the entrance examina-tion one of the boys from the Separate school beaded the list in marks. The Peterborough *Ecominer of January 12th* contains the fol-lowing reference to the schools: This morning the prizes offered to the suc-esshol uppils of the Murray street Separate school at the entrance examinations were distributed to the winners. The awarding of these prizes excites some interest among the pupils and kindies in the minds of the junior of being one of the honored winners of prizes in the future. The showing made by the Separate school at the entrance examinations was very creditable this year and reflects most favorably upon the head master, Mr. Brick. Out of eleven candidates where was an distummer seven candidates were passed The names of the successful pupils were as follows: Messenger, J Malone. ST. PATRICK'S BRANCH, No. 12, TORONTO. ILLUSTRATED MONTREAL.

We have received a copy of this charming work. It is especially interesting to any one who has lived in Montreal, and will, we are sure, be highly prized by its cutizens. Very useful, too, will it be found as a neat volume for transmission to friends at a distance. We take pleasure in reproducing the follow-ing extended description of the work from the Montreal Gazette:

ACKNOWLEDGMENT. The Sisters of St. Joseph's Hospital wish to return sincere-thanks to the kind friends who aided them in making the festival of Christ-mas pleasant for their inmates. The Irish Registrar-General in his leport on the botato crop in Ireland announces that 780 901 acres of potatoes were planted in 1890 as against 787 234 acres in the preceding year, and that the yield had decreased 1 037 193 tons, Of the entire acreage 78 6 per cent hed been given up to the potatos known as "Champions," and the report adds that

the israers placed too much reliance on t is veriety. A NEW ISSUE.

Mr. Gladstone, without at all retiring home rule, has shrewdly consented to put suffrage reform slongside of it as a foremost Liberal issue. This reform will have two objects in view - to wipe out the 500 000 of votes which are cast now by the duplication of the property now by the duplication of the property franchise and to create 4,000 000 of new yores by the establishment of universal suffrage. The adoption of this plank is a triumph for Mr. Labouchere, who all complete the suffrage of along has been insisting that it will be necessary for the Liberal House of Comnecessary for the Liberal House of Com-mons to pass such a measure before pass-ing any Home Rule bill, and its promul gation now will, moreover, do much to inspire the Liberal rank and file with

DILLON ARRIVES AT HABVE. John Dillon arrived at Havre on the 18th, on the steamer La Gascogne from New York. He was met at the pier by Mr. O'Biten, and after an exchange of cordial greetings the two drove to a hotel, where they at once retired for a private conterence. Mr. Dillon was asked his opinion of the political situa tion, but he declined to make any state ment until he had conversed fully with Messrs. OBrien and Gill and other prominent men of the Irish Parliament

At a private meeting of the National Committee on the 17th, Mr. Heavy in the chair, it was decided to form a National Federation, and to invite branches of the National League opposing Parnell to atfiliate themselves and be controlled by one council of 61 members. Of these members, 17 are to be nominated by the McCarthyite Parliamentary party, 12 by the central body and 32 by Mr O'Brien declares all reports repre-senting the conference between himself and Messre. Taousands of men and women of all ages are already employed there and steps are being taken to give work to many more. It is stated than unless the Gov ernment takes prompt action at Achil aland the fearful scenes of 1846 and 847 are likely to be repeated. Liverpool, Jan. 14 -- At a meeting of prominent citizens of Liverpool £2 000 was raised to swell the Zetland-Ballour fund for the relief of the suffering poo of Ireland. almost-starving and entirely fundless workmen of this city. Mr Gladstone has subscribed \$250 to the Zatland-Balfour fund.

It is handsomely bound in stift, bevelled boards, and can be obtained of all booksellers or at the Windsor book stall. One particular feature not pre-viously mentioned, which commends it to the public, is that it is free from advertise-ments of any kind, no undue prominence being given to any place, building, or individ-ual.
