ROOFS
That Stay Roofed

The strongest wind that ever blew can't rip away a roof covered with self-locking "OSHAWA" GALVANIZED STEEL SHINGLES

Rain can't get through it in 25 years (guaranteed in writing for that long—good for a century, really)—fire can't bother such a roof—proof against all the elements—the cheapest GOOD roof there is.

Write us and we'll show you why it costs least to roof right. Just address

Makes Prize Butter
Who ever heard of Canada's prize butter makers using imported salt? They all rely on

Windsor Salt

because they know that it dissolves quickly—works in easily—and gives a delightful flavor to the butter. Windsor Salt is pure—and costs no more than the cheap imported salts.
If you want the best butter, you must use the best salt.
That means Windsor Salt.
