Rabbits Skunks Sparrows a big family of farm pests. The four-footers outrun your dogs— the others laugh at your scarecrows. But there's one thing they can't get away from and that is a bullet fired from a

## Visible Loading Repeating Rifle

Made by the makers of the famous Stevens Favorite single shot rifie. More Stevens sold because they shoot straighter, carry farther and hit harder on account of the extreme care used in our system of accurate rifing. If your dealer hasn't it, let us hear from you at once. LIST

Price, \$8.00. Ask for Number 70.

With this wonderfully accurate Rifle (which only weighs 4) pounds) you can send a hail storm of lead into the boldest weasel or the craftlest fox that ever rob bed a hen coop.

Two models: The FIRST takes fifteen Short cartridges only. The <u>SECOND</u> es any one of three cartridges...22 rt, .22 Long and .22 Long Rifle, but the atest accuracy is obtained in this model using only .22 Long Rifle cartridges. 

67.8

You SEE the cartridge go into the chamber — You KNOW when the rifle is loaded. You don't have to THINK whether you have another shot or not. Each cart-ridge as it comes out of the magazine SHOWS PLAINLY BEFORE IT PASSES ALONG INTO THE CHAMBER.

We guarantee this Rifle to be the most

This Visible No. 70 is a man's gun for man's work, but it is light enough for your boy to use and is a splendid rifle to practice with. With this wonderfully exact gun you absolutely <u>KNOW</u> that the bullet

will go JUST WHERE it is aimed. It isn't every gun that will shoot straight. The Visible will do ITS share of the hitting—it's up to you to do the AIMING.

After the first shot remember that you have fourteen more lightning shots without reloading

Do you want a description of the latest Stevens 6-shot Repeating <u>SHOTGUN?</u> The fastest, safest, surest Repeating Shotgun made. (No. 520) LIST Price, \$27.00. Write Now; RIGHT NOW-while you remember it

Points for the Sharpshooter, Hunter & Trapshooter:

Write us and tell us what kind of shooting you are most interested in and we will write a letter of advice with many valuable pointers for the Hunter and Sharp-shooter. We will give you short cuts to expert marksmanship, which will not only make you a better shot than you already are, but will cut down your ammuni-tion bills as well.

### FORMALDEHYDE FOR POTATO SCAB

Will you kindly publish a remedy for scab on potatoes ?—J. M. W., Sask. Ans.—Formaldehyde is the preferred treatment for potatoes infected with scab. Soak the potatoes for two hours in a solution of  $\frac{1}{2}$  pint commercial formaldehyde to 15 gallons water. Do not plant potatoes on land that has produced scabby tubers in previous

## SEED FIRM ADVERTISING

Can a seed firm be punished for failing to live up to assertions made in advertisements?—J. R., Man. Ans.-The question is not in suf-

ficiently specific form for us to answer intelligently. Speaking generally, if the firm have obtained money by deceit and fraud they can be punished. If they have been guilty of misrepresentation they can be sued civilly

### RYE GRASS ON ALKALI.

I wish to try rye grass on a low-lying alkali piece of land. Will it be best to sow the rye grass seed with grain or alone ? The land is in good state of cultivation and was summer-fallowed last season.—B, K, Ans.—From many trials on all classes

of soil I find that we get much larger returns of rye grass if it is sown without a nurse crop. For this reason I would recommend that plan in your case. For this reason I would On the college farm a strip sown some vears ago without a nurse crop continues to give larger yields than the balance of the field; which was sown at the same time with a nurse crop of

S. A. BEDFORD. M. A. C. CREAM AT DUNDURN

Is there a creamery to which cream can be shipped from Dundurn, Sask. o as to make it a paying proposition SUBSCRIBER.

Ans.—At present prices you should have no difficulty in getting rid of your cream at prices that will prove to be profitable, providing your cows are good average producers. If you can get it to one of the Winnipeg creameries or the Brandon creamery, all of whom you will get good prices. It seems a long distance to send cream, but it will do no harm to apply for cans and whether the project is feasible If this long distance shipping is out of the question, why not try to make ar-rangements with dealers or ice cream manufacturers in Saskatoon? too, you can try the creameries at Melfort, Birch Hills or Humbolt.

### OATS AND PEAS

I wish to grow a mixture of oats and peas to be fed as a soiling crop. What proportion of peas would you com-mend, and can I sow them both at the same time ?—M. H., Man. Ans.—On the college farm we have found the above mixture excellent for

found the above mixture excellent for all kinds of horned stock. Our usual practice is to mix one bushel of peas o two of oats. Both are piled on the barn floor and well mixed with a shovel, then sown at the same time with an ordinary grain drill. We use about three bushels of the mixed seed
