## Salary-Raising Training For Railroad Men

There is no profession in which promotion depends in any higher degree upon a man's real ability and technical knowledge than in railroading. Quick promotion then for the railroader is the result of quick and also thorough acquirement of that technical training which will qualify him to hold a higher position. In no way can the ambitious railroad employe secure this technical knowledge so quickly and yet so simply as through the I. C. S. Courses of home training. These Courses have been written by the best railroad experts on this Continent and are taught after a manner that 15 years' experience in training hundreds of thousands of ambitious men for promotion and better earnings has proved to be the most practical and efficient. These Courses include instruction in LOCOMOTIVE MANAGEMENT, LOCOMOTIVE BOILERS, STEAM CYLINDERS, and VALVE GEARS, BREAKDOWNS, COMPOUND LOCOMOTIVES, TRAIN RULES, WESTINGHOUSE and NEW YORK AIR BRAKES, CAR LIGHTING and HEATING, and ELECTRIC HEADLIGHTS.

If **YOU** wish to secure the training in your own home, in your spare time, and at an insignificant cost, that will qualify you for promotion to the highest positions in your profession, simply mark and mail this coupon and we will tell you how you can do so. The fact that we have enabled hundreds of other railroad men to secure promotion in itself warrants your careful investigation of our plan if you really wish to better yourself.
