over, unite around their Emperor and leave the social issue to a later day. The Emperor is the leader of a powerful army and in turn the slave of that army.

The democrats did not see this possibility. Scholars and philosophers did not see see it in the desire for the true aristocracy of merit, the philosophers had attempted to confound the German putrotic motive with the ambition for the true social aristocracy. They overlooked the dangers of an autocracy when a man so brilance in the soldier's dominance.

The Germans are fighting for world dominance, a pagan, pre-Christian ambition. They have courage and efficiency. Britain is fighting for the rights of liberty. She is at neither extreme—neither militarist nor pacifier She is fighting for realities. She enables all parts of her empire to feel that they are fighting for their own liberties, mot like the unfortunate Poles and Danes, compelled to fight for Germany. Britain's is no dream of conquest. One result may be the an autocracy when a man so brilliant and gifted as the Kaiser stood growth in Germany of a true democonquest. One result may be the at the hc d.
