PROGRESS OF THE WAR

[July 13 to July 19]

DERIVATIVES during the whole course of the war in no way has scintillated more than in the week under review...

In the western theatre no change of any importance was reported to have been made, especially in the vicinity of Verdun...

From the Gallipoli Peninsula and the Dardanelles the news has been equally placid, but it has furnished more reason for hope and encouragement than that from other fields of combat...

Scant, too, was the news given out of the Austro-Italian operations. A small and somewhat antiquated Italian cruiser, the Giuseppe Garibaldi, was sunk by an Austrian submarine off Oranto...

On the whole the week has been one of great anxiety and little satisfaction to Britain and her Allies, and the advantage was greatly to the central European Powers.

Of the political situation no cheerful news can be reported. The most that can be said of the neutral Balkan States is that they have not yielded to the threats of reprisal...

RECRUITING. DR. SPROULE, Past Grand Master of the Orange Grand Lodge of British North America and Speaker of the House of Commons, in a Twelfth of July oration at Owen Sound, Ontario, struck the same note as did Past Grand Master Hipwell in his Fredericton speech...

The Panama Canal was used on July 16 for the first time by large battalions of the United States navy, when the Missouri, Ohio and Wisconsin, carrying naval cadets from Annapolis to San Francisco, made the trip from the Atlantic to the Pacific.

FIELD CROPS FOR 1915. Ottawa, July 14, 1915.—A press bulletin of the Census and Statistics Office, issued to-day reports, finally, on the areas sown to field crops for the season of 1915...

CONDITIONS OF FARM LIVESTOCK. It is estimated from the reports of correspondents that the numbers of farm live stock in Canada at June 30, were as follows: horses 2,996,099, milch cows 2,666,846...

IRISH RECRUITS. The Northern Whig in a leading article on Tuesday, June 23, gives some interesting figures in regard to recruiting in Ireland...

TRADING WITH THE ENEMY IN CHINA. A Proclamation forbidding trade with Germans in China and Siam is published in a Supplement to the London Gazette of Sunday night, June 27.

Up-River Doings. St. Stephen, July 19. A number of ladies from St. John who were here with their husbands during the Dental Convention last week, enjoyed a delightful motor ride to Estport and dinner at the "Riverside" given in honor of Miss Gladys Blair and Miss Arthurita Branscombe.

A LARGER FORM OF HOUSEKEEPING. David Grayson, author of "Adventures in Contentment," says in his novel "Hempfield," now running in the American Magazine in London, "I think sometimes that women are far better executives and organizers than men. To keep a great household running smoothly, provisioned, cleaned, made sweet and cheerful always, and to do it incidentally, as it were, with a hundred other activities filling her thoughts, is an accomplishment not sufficiently appreciated in this world. She has a real genius for orderliness, which is the sample of the religion of everyday life. How often have we been astonished to see gentlemen torn from the harbor of sheltered lives and serenely navigating their ships on the stormiest seas, but without real cause for our astonishment, for the quietude of their minds is a wider field than that which has long cultivated in their households."
