International Bible Lesson for Tomorrow—The Early Christian Missionaries—Acts xiii, 1-12.  
Golden Text—"Go ye, therefore, and teach all nations."

St. Paul, converted about 35, was now 43 years old. The church at Antioch was evidently large, spiritual and aggressive, for the Holy Spirit had full sway. This is the secret of God's prosperity in any church. God's selection was approved by these brethren with fasting and prayer—not suddenly—laid their hands on Paul and Barnabas, who, sent by the church and its head, took ship for Cyprus and, on landing, began their work in Jewish synagogues. A Jew, Paul Jesus—son of David—proved to be a son of the Devil, a subtle sorcerer, a hanger-on to the prudent Governor, the Island, who desired to hear Paul, did all he could by his lies to prevent it and turn the Governor's mind. Paul, filled with God, and indignation, showed him up, and immediately judgment of God, which immediately blinded Elymas, enlightening the Governor to the gospel. All obstacles and hindrances to the work of God, by His ministering servants, under the guidance of the Holy Spirit, whether fleethen, Mahometan, Boxer, or the disturbers of preaching the gospel in Chatham, and its personal reception, is now, as then, the work of the wicked one.

Men who look much older than they are never appear to such disadvantage as with the wife who keeps her matrimonial beauty.

The secret of health and the manly vigor which goes with health is nutrition. When the stomach and other organs of digestion and nutrition are diseased there is loss of nutrition, and correspondingly physical weakness.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and its allied organs, which prevent nutrition, and makes men healthy and vigorous.

"I was a great sufferer from dyspepsia for over two years, and was a complete physical wreck."

Writes Mr. Preston E. Penntemacher, of Lehigh Co., Pa.: "I also suffered much with constipation. I tried many different medicines which were recommended to me. I had such a bad case of constipation that I could hardly get any food down my throat. At last I came across an advertisement of Dr. Pierce's Golden Medical Discovery, and I bought a bottle of the 'Discovery,' which brought me back to my former state of health."

Dr. Pierce's Pellets cure constipation.

The guide was showing him the big trees. "This one," he said, "is supposed to be about two thousand years old."

"What a twentieth century club it would make!" commented the professor.

Never was there a cloud which has not passed.  
A storm, however long, which did not cease.  
And though our way be darkly overcast,  
By sorrow's shade, beyond is sure release.  
As sure as that God lives for aye and aye,  
If only we keep on our steady way.

## Chatham Tp. Council

The municipal council of the Township of Chatham met at the township hall Monday the 13th of May, 1902, pursuant to adjournment. The members were all present and the minutes of the last meeting were read and adopted.

A letter was read from the Provincial Treasury department, stating that there is standing to the credit of the Township of Chatham, the sum of \$517.00, including interest, being balance of surplus distribution not previously paid, also that the government is prepared to pay the same over to the Township of Chatham when a certified copy of a by-law specifying the purposes for which it is proposed to expend the said money, according to the provisions of the statute governing the same, is communicated.

A communication was read from Mr. A. B. Caracallen, solicitor for Alex. McDonald, former proprietor of the Basewood hotel, to the effect that Mr. McDonald had suffered serious loss by reason of the dredging of the Chatham and Dover townline drain which cut off all communication and travel on the said road during the time the drain was being repaired, also from the West Kent License Inspector, regarding the same matter.

A letter was read from W. A. Norton, regarding his having been charged in his taxes with and, assessment on Whitebread drain, which he thought he was not entitled to pay. George Hoyle addressed the council in reference to matters relating to the best drain.

Thomas Buckingham made a request for some of the land in the road ditch in front of his house, in order that the ditch may be filled in and the road widened, as it is very narrow at the said place.

Ed. Bishop, that the township portion of the Johnston award ditch be repaired as it is getting badly filled in.

John Johnston and William Abraham, commissioners Big Creek road, were present and submitted their report (which was read and adopted) that the repairing of the said drain is all completed and the bridges all repaired.

James Travels asked to have the bridge across the 13th concession drain east, opposite the section 10 lot 1, the 13th con., repaired as said bridge is in a dangerous condition.

Wm. Vance, collector 2nd division, was present and reported that the amount of taxes collected by him from the 15th of March to the 15th of April (including interest) was \$563.06 and from 15th March to 15th April, \$586.04.

A notice was received and read from Geo. Coulter and Geo. Woods to have the Simpson drain repaired under the provision of the Drainage act.

The report of W. G. McGeorge containing the specifications and plans for a steel bridge across the Sydenham river at Tupperville, was received and read.

Tompkins—Templeton—That where there is the sum of \$517.00 standing to the credit of the Township of Chatham in the provincial treasury, and the same is available at any time on conditions of the township council passing a by-law appropriating the said amount to permanent purposes, be it resolved that the said money be expended as follows: The sum of \$117.00 to assist in constructing a side path at the given road from the village of Tupperville to the school house of Public School Section No. 8, divided between school sections Nos. 1 and 17 to assist in acquiring and constructing a road in section 10, from the village of Tupperville to the school house in the centre of said sections and that the by-law confirming the disposal and expending of said money, be duly passed, signed and sealed and that a copy of said by-law be mailed to the department.—Carried.

George—Templeton—That as the dredging of the Chatham and Dover townline drain during parts of 1900 and 1901 prevented the usual travel on the said townline road, that Mr. Alex. McDonald, who was by him, for the full year's license fee, now the license department has consented to refund one-half of the license, on condition that the township will expect the balance of the license fee was not in force. Now therefore, this council waives all claim to one-half of the said license fee for the full year ending April 30th, 1902.—Carried.

Tompkins—Templeton—That the grievance of Thomas Buckingham be referred to Councillor Wickens with power.—Carried.

Wickens—Templeton—That the request of Ed. Bishop to have the township portion of the Johnston award repaired, be referred to Councillor Templeton to do in the matter as he thinks proper.—Carried.

Templeton—Tompkins—That as a notice has been received by the township from Geo. Coulter and Geo. Woods for the repair and improvements of the Simpson drain, that the clerk instruct W. G. McGeorge, C. E., to make an examination and survey of the said drain and report thereon.—Carried.

George—Tompkins—That the report of W. E. McGeorge containing specifications and plans for the substructure of a new steel bridge across the river Sydenham at Tupperville, be accepted and that the township have the same specifications printed and submit the same to the different bridge companies and ask for tenders for which the said bridge can be built.—Carried.
