It's a Big Loss to us
It's a Big Gain to You

Every piece is nobby and stylish, just passed into stock recently. Every piece was selected with the greatest of care. We anticipated a big business in Suitings and bought heavily. The weather has been cold and we still have too many Suitings, but we are determined not to keep them longer, hence this complete sacrifice. SEE WINDOW.

TO-DAY'S NEWS AT BRADLEY'S

TO-DAY'S NEWS AT BRADLEY'S

If It's From Bradley's It's Good

Do you know the reputation of this entire business is based on "Quality." If an article isn't of good quality it's dear at any money. That's Bradley's theory. A good one, don't you think?

We safeguard our customers' interests by carefully testing every good item we buy. That's why we can say if it's from Bradley's it's good.

Don't be misled. Don't let any person tell you that because Bradley's prices are low the quality of our groceries are in proportion. That would be a gross injustice to this store. Our qualities are right no matter what the price.

You know that it is cheaper to travel to-day by fast, well-equipped express trains than it used to be to travel by stage coach. So it is with merchandising. The best stores are able to do business successfully on the lowest prices.

Bradley's is a good store. We would like to serve you. Why not give us a trial order to-night?

AN OLD FLAME.

Yes, said Lovett, I was engaged to her once.
So I understand. She told me she was an old flame of yours.

That's pretty near right. She certainly did burn up my money.

How men are abused! Yet is it not a fact that you know a dozen good men to every unreliable one!

WILL BE BIG DAY

Hugh Gallagher, of the local Orangemen, reports that the celebration which will be held in this city on the 12th of July, promises to be the largest and most successful ever held in Chatham. Mr. Gallagher has received word that 500 Orangemen will be present from Port Huron, and that large deputations will be here from Leamington, Staples, and Blytheswood. Pelee Island will also be represented. They will come via Kingsville.

CAUGHT.

George, she said, before we were married you were always giving me presents. Why don't you ever bring me anything now?
My dear, replied George, did you ever hear of a fisherman giving bait to a fish he had caught?
Then the kettle boiled over.

THE STANDARD BANK OF CANADA

The report of the Standard Bank of Canada has just been published, and it is shown that the Bank has not only shared in the general prosperity, but has taken full advantage of it. In order to cope with the increasing needs of the country the paid-up capital has been increased by \$356,142 during the last year, and the reserve fund has profited to the extent of \$356,142.

This excellent showing is sustained by the other items of the account. An increased credit balance of \$73,738 is shown on the profit and loss account, the sum carried forward this year amounting to \$105,529.15. That the public have confidence in the Standard Bank is testified by the fact that deposits have increased by \$1,526,812 during the year. The value of the Bank as a commercial factor could not have better proof, than the increase of discounts to the extent of \$1,995,525.

From the banking point of view the sound position of the Standard Bank could not be better assured than is certified by the returns of the quick assets in cash, Dominion notes, legal tender and other readily available accounts, at \$6,119,739. At the same time the total assets are better to the extent of \$2,881,529 over the figures of last year. The management of G. P. Schofield, general manager, formerly of this city, and staff, has certainly been successful, and no better proof is needed than the statement that the percentage earned on capital was 17.82 per cent., out of which 12 per cent. was paid to the shareholders, \$10,000 written off bank premises and the balance expended to profit and loss account. The rest account benefited to the extent of \$356,142, being the premiums on new stock.

GOT HER FILL.

Did you say you were going to the dentist's at 3 o'clock?
Yes, but I've changed my mind. I'm not going.
Why not?
I got my fill of him the last time that I was there.
