There are not quite sure as to how far from the above questions and from his responding to a vote of thanks informants have been greatly lacking in knowledge of the matter always, for failures are many causes for the failures in King's lately, and for that matter always, for failures are nothing new here. The prime cause is in synericae. Meng on ito mere hand ze because they "won't have to work," and consider that they do not make the dollar in synericae. And byc-and-bye the formed and the Commercial is left out in the cold. We know of several cases where promunent men who have since where prominent men who have since He attempted to break the force of M. C. happy home? How many of our states

where prominent men who have since failed have got money at Windsor in large sums after being positively re-fused in their over county. So you see the Commercial digs its own grave. Another reason why the Commercial suffers more in King's is because it does more business in King's than in Hants. The statement, however, in Hants. The statement, however, tion of Riel. Laurier, the leader of the French Liberals, spoke on Tuesday WOLFVILLE SKATING RINK. that it has never lost a dollar in Hants we doubt very much. Another trouble in King's is there are too many in business and in consequence thereof competition is strained to the bursting limit and the competitors cut their own throats. Then goods have to be bught takes produce in licu of ca-h and must sell this again frequently meeting heavy loss before he can get cash reheavy loss before he can get cash re-turns. Speculation too is rife in many up the Minister of Militia, who got his to take a leading position in society rarts of the county and is encouraged knighthood by the things which it con-by banks and outside merchants to demned; but I fear if he had not handled ornament in the home.
