A GOOD APPOINTMENT

The temperance people of New Brunswick will now see how unfounded and how grossly unfair was the charge made by the Murray government press and speakers that the opposition would not enforce the prohibition law. Ex-Premier Murray himself stands condemned, for repeatedly on the public platform he made the charge. It is not always safe to make unfounded charges. Mr. Murray did not dream that his government would be beaten, and he felt quite safe. How does he feel now? The Foster government has named as chief inspector the nominee of the Dominion Alliance, a gentleman who has been the trusted and honored agent of the Alliance in this province and who has been engaged in labors connected with prohibition in other provinces as well as in New Brunswick. Nor will the government interfere with the work of the new inspector. A member of the old government is said to have intimated that he would expect to be dictator in his constituency, but the Foster government proposes to enforce the law, and to that end will back up its chief inspector.

It is now the duty of all good citizens also to get behind the inspector, and to do their utmost to make New Brunswick bone dry. If it is found the law needs strengthening, that can be done when the people are clear and urgent. The law should be enforced to the hilt and the storm centre will not be around the saloon men of today, but the boot-leggers and dive keepers of the period after the first of May.—Times.

Three years ago this month, Mr. L. A. Dugal rose in his place in the Legislature and preferred grave charges against Mr. J. K. Flemming, the then Premier. He proved his charges to the hilt. Flemming was forced out of the government and the government was itself forced out by the electorate. Now after a lapse of three years, Mr. Dugal returns to Fredericton and is sworn in as a member of a new administration. Every friend of good government must rejoice that Premier Foster in forming his cabinet took cognizance of the great public service rendered by the man from Madawaska.

Notorious Jim Sirois Again Heard From

A few years ago James F. Sirois, a Frenchman, was arrested here and examined before Justice Barnett on a rather complex charge of fraud. One of his offences was that he represented himself to be a "government inspector of school-children's eyes" and prescribed and sold at huge profit spectacles on the strength of his bogus official capacity. He was tried at Woodstock and was sent to Dorchester for three years penal servitude.

A report came from Fort Fairfield that last week one James Sirois was arrested for obtaining money under false pretences and is held for trial under \$2000 bonds.

A Boom on at Edmundston

R. B. Owens, C.P.R. agent at Edmundston and formerly agent here, was calling on Hartland friends yesterday afternoon and was given the glad hand.

He has been spending the holidays with his mother and sisters at Woodstock. Mr. Owens says Edmundston is sure to have a big boom, commencing right away. The Fraser interests are already going ahead with their pulp enterprise and are making big purchases of real estate, land which they will require to use in their undertaking. There seems absolutely no truth in the Gleaner's story that the Fraser's were to transfer their activities from Edmundston to Grand Falls, a report that was reprinted by The Observer last week.

Mr. and Mrs. G. W. Lund returned home on Wednesday after visiting friends and relatives at Knowlesville.

William Crandlemire has purchased a new driving horse.

Sure! High Heels Cause Corns But Who Cares Now

Because style decrees that women crowd and buckle up their tender toes in high heel footwear they suffer from corns, then they cut and trim at these painful pests which merely makes the corn grow hard. This suicidal habit may cause lockjaw and women are warned to stop it. A few drops of a drug called freeze-one applied directly upon a sore corn gives quick relief and soon the entire corn, root and all, lifts out without pain. Ask the drug store man for a quarter of an ounce of freeze-one, which costs very little but is sufficient to remove every hard or soft corn or callus from one's feet. This drug is an ether compound and dries in a moment and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Clip this out and use as your wife's dresser.

AUTOINTOXICATION OR SELF-POISONING

The Dangerous Condition Which Produces Many Well Known Diseases.

HOW TO GUARD AGAINST THIS TROUBLE

"FRUIT-A-LIVES" — The Wonderful Fruit Medicine — will Protect You

Autointoxication means self-poisoning, caused by continuous or partial constipation, or insufficient action of the bowels.

Instead of the refuse matter passing daily from the body, it is absorbed by the blood. As a result, the Kidneys and Skin are overworked, in their efforts to rid the blood of this poisoning.

Poisoning of the blood in this way often causes Indigestion, Loss of Appetite and Disturbed Stomach. It may produce Headaches and Sleeplessness. It may irritate the Kidneys and bring on Pain in the Back, Rheumatism, Gout, and Rheumatic Pains. It is the chief cause of Eczema — and keeps the whole system unhealthy by the constant absorption into the blood of this refuse matter.

"Fruit-a-lives" will always cure Auto-intoxication or self-poisoning — as "Fruit-a-lives" acts gently on bowels, kidneys and skin, strengthens the bowels and tones up the nervous system.
