

TWO YEARS IN BED AND ROLLING CHAIR

**Mrs. Wilson Gave Up Hope Gains
25 Pounds On Tanlac And Is
Now A Well Woman**

"For two years I spent all my time either in the hospital, in bed, or in a rolling chair, and during that time I was given up to die, and I don't guess I would be here now if it hadn't been for Tanlac," said Mrs. E. O. Wilson. Mrs. Wilson is well-known in Atlanta, her husband having been employed by The Constitution for a number of years.

"I was a great sufferer from chronic indigestion," continued Mrs. Wilson, "and don't guess anybody ever had to go through with what I did. I was very weak and nervous, and at times had those dreadful smothering sensations to the point of fainting. I had dreadful headaches, severe pains in my back and over my kidneys and my joints ached all the time. For two years I had to live entirely on boiled milk, toast and soft boiled eggs, and even that didn't digest well, and would sour on my stomach. I didn't know what it was to get a good night's sleep. I took one kind of medicine after another until our house was almost filled with empty bottles, but instead of improving I was getting worse all the time. Finally they took me to the hospital for treatment, and I lay there for five long months, but even that didn't make me well. It was taking nearly every cent of my husband's wages to pay my doctor and drug bills—our drug bill alone amounted to \$14 or \$15 a month, and one doctor bill amounted to \$108.

"It looked like everything had failed to help me, and I had about given up all hope when one day my husband brought a bottle of Tanlac home with him and asked me to take it. He said he had been reading and hearing a lot of good things about it, and didn't see any reason why it shouldn't help me. I was confined to my rolling chair when I began taking it.

"Do I look like an invalid now? I certainly don't feel like one, and I have actually gained twenty-five (25) pounds on eleven bottles of Tanlac, and feel as well as I ever did in my life. I can eat anything I want—such things as meat, turnips, hard-boiled eggs don't hurt me a particle, and I sleep as good as I did when I was a girl in my teens. I can get about as well as anybody and just the other day I walked down town, and I am running around the neighborhood calling on my friends nearly all the time now. I haven't a pain about me. I believe I am the happiest woman in Atlanta, and I think I have a right to be. I think my recovery is almost a miracle, and everybody in our neighborhood thinks the same."

"Tanic is sold in Hartland by Estey & Curtis Co., in Bristol by Dr. G. W. Somerville, in Centreville by Stevens Bros., and in Woodstock by E. W. Mair, in Benton by W. E. Porter, and in River de Chute by Daniel B. Baird."

Children Must Be Protected

The children must be safeguarded, for, if they do survive the frequent coughs and colds, it is often with the lungs so weakened that they become chronic sufferers from bronchitis or consumption. Being composed of simple ingredients of undoubted value, Dr. Chase's Syrup of Linseed and Turpentine is admirably suited as a treatment for children. It is pleasant to the taste. So much so that children delight to take it on this account as well as because of the quick relief it affords.

The GUARANTEE that covers the PAINT that covers the SURFACE

THERE are plenty of reasons why you should use B-H Paint—but the one outstanding reason is told in the B-H Guarantee.

This is not like ordinary guarantees—it is a very definite and far-reaching one. It is a "hard and fast" commitment on the part of the well-known manufacturers of this product; by it they bind themselves to the use of a pure white lead and pure zinc in correct proportions.

It is these important basic ingredients that give to B-H Paint its remarkable covering capacity. These ingredients in proper proportion—when mixed with pure refined linseed oil and turpentine—ensure that your house will be properly painted with a smaller quantity of B-H Paint than you would have to use if you contented yourself with a paint of lesser quality. Do not, then, permit your desire to be economical to lead you on the "false economy trail" of cheap paints. That way lies extravagance. Only by using a high-quality paint, such as the B-H guarantee ensures, can you be certain of real economy which comes from the use of a paint that covers well and lasts wonderfully.
