Rev. John Rowe Dead.

HARBOUR MAIN MOURNS HER SOGGARTH ABOON.

Rev. Father John Rowe, the beloved pastor of Harbour Main parish, passed away from this world of travail to his eternal reward yesterday afternoon. He had been ill the past two years and had been confined to his home most of the time during the past twelve months. His death was not unexpected, although his people entertained hope all along that he may be restored to health and once more his familiar form would be seen in their midst. The Almighty had willed otherwise and the faithful friends of the poor now lie cold in death. He will be sorely missed in the parish of Harbour Main. Mr. Rowe will not be easy to supply his place with a priest who will be so loved by the people of the parish. He is gone but his memory will live in the hearts of all who knew him and will continue to work for good.

Father Rowe ministered in four parishes since he came to Newfoundland in 1882, viz: King's Cove, Harbour Grace, Northern Bay and Harbour Main. The late Rev. Father Henrybury of Terrenceville was his uncle, and he visited him first on his arrival in this country and spent some weeks in his company. After spending a few months at Harbour Grace he was sent to King's Cove where as Curate under Rev. Fr. Veitch (now Monsignor Veitch), he did some of the hardest mission work that is incidental to the climate of Newfoundland in winter, and where many times he risked his life on sick calls over land and sea. His sincerity, simplicity and the personal magnetism that goes with a warm generous heart won the love of all the people amongst whom he laboured, and they will no doubt utter a sincere prayer for his soul when they read the news of his death. He was a friend and adviser that all felt confidence in approaching. He laboured for over twenty years in the parish of Northern Bay, and as a man of that parish said one day here on the street, "There goes Father Roe, every fisherman in Northern Bay, Paris would die for him." When he was transferred to Harbour Main Parish in 1905 all the people there regarded it as the greatest personal loss of their lives and sorrow was expressed in tears by many of his people. Father Roe gained the same place in the

Heart of the people of Harbour Main.

He possessed a true spirit of Celtic humour that lightened the ill of life both for himself and those who brought their troubles to him for advice or consolation. Beneath a brusque exterior he had a heart as gentle and loving as a child and one who instinctively reminded of our Lord's selection of the Apostle to whom he alluded when he said: "Behold an Israelite in whom there is no guile." Father Rowe had a heart too big and too generous to hold hard feelings against any fellowman. His home at Harbour Main was proverbial for its hospitality as it will be known to many people who have travelled that way. The great loving heart is now at rest. May his soul rest in peace.

The X-Ray Applied.

Dr. Tait, who is Mr. Drayton's physician, has now great hopes of his rapid recovery. He took him to the Hospital Wednesday and had the X rays applied to his arm and detected a slight fracture. Next day Dr. Tait called in Dr. Cowperthwaite and Dr. Shea at Mr. Drayton's home, the "Cochrane." Putting him under chloroform they remedied the slight displacement. Dr. Tait had a photo taken with the X ray and was there by enabled to detect the displacement.

STEEL RAIL CARGO.—Mr. P. C. Driscoll yesterday had a telegram stating that the s.s. Spica had left Baltimore with a load of steel rails and accessories for this port on the 15th inst. The s.s. Quoridia left Baltimore also to-day for this port with a similar cargo and containing the balance of the rails which are to be used on the Terrenceville branch railway. Both ships have 2,000 tons of rails each.

DON'T YOU BELIEVE IT!

No store in the City is showing such an excellent line of White Lawn BLOUSE as we are this evening. The Lawn is of the finest texture and there is that little indefinable something that other Blouses don't possess.

You can get a Dainty Blouse and still have part of your dollar left. Fix your mind firmly on our Store before you leave your home to buy.

Reprehensible Practice

During the past month the owners of automobiles are having an experience that is causing them great annoyance especially when going over the country roads. Youngsters (five near the roadside and throw stones at the auto car as soon as it comes abreast of their place of hiding. Last week the chauffeur and occupants of Mr. J. D. Ryan's car had a narrow escape when driving over the Portugal Cove Road. Some children were hidden in a ditch near the roadside and threw stones and bottles at the occupants of the motor car; one bottle hit the car with such force that the side of the machine was indented and bears the marks of the broken glass; it fell quite close to the chauffeur. Detective Byrne went out yesterday and found out the youngsters who did the mischief. Mrs. Ryan did not wish to prosecute them and they were let off with a caution. Several other auto owners have complained of the same kind of conduct on the Topsail Road and in the West End of the town. A few days ago a boy threw a bottle at the occupants of a motor car and broke the plate glass screen in front, causing great annoyance and expense. We think that the parents of these children are this at least 20 years old and should be held responsible for this conduct. There is naturally an unwillingness to prosecute young children in the law courts. The parents should be warned to instruct their children not to throw missiles at passing autos, otherwise that they themselves may be the ones punished by a fine.

Harbour Grace Notes.

Mr. A. E. Lawson, representing the Canadian and Newfoundland section of the Laymen's Missionary Movement, will arrive at Harbour Grace at St. Andrew's Church on Sunday next. All are welcome.

Mr. and Mrs. J. S. Taylor and baby arrived from Pittsburg, U.S.A., by yesterday's train. They will remain for a month or so. Mr. Taylor holds a prominent position in the educational schools at the above city.

Miss R. Strapp, sister of Dr. W. A. Strapp, arrived yesterday on a visit from the United States on a visit to the old home.

Much sympathy is felt for Mr. and Mrs. Alexander Crocker in the sad death of their little 9 year old son, Henley, which took place yesterday afternoon at 10.15 to attend Divine Service at George Street Church. Rev. J. W. Bartlett will conduct the service. The very latest in English Silver. No trouble to choose the Wedding or other GHT. Prices to suit any pocket. Just opening at TRAPNELL'S. June 10, 11.

FISHING PRIZE.—Ayre & Sons, Ltd., fishing competition prize on Wednesday last was won by Mr. LeMessurier. Trout weighed 13 ounces. Prize selected was a brass kettle.

See our new lines of Gold and Gold Plate Jewellery, Solid Silver and Silver Plate, from them you can make a choice and easy selection for Bride, Bridemaid, Bridesmaids or anybody's birthday. R. H. TRAPNELL.—10, 11 a slight fracture. Next day Dr. Tait called in Dr. Cowperthwaite and Dr. Shea at Mr. Drayton's home, the "Cochrane." Putting him under chloroform they remedied the slight displacement. Dr. Tait had a photo taken with the X ray and was there by enabled to detect the displacement.

DOGS A NUISANCE.—The residents of Colonial Street complain that nightly of late a pack of dogs roam about there and by their barking annoy them and keep them from sleep. Half the curs which roam about the city pay no license. They are of no value to their owners, a nuisance to the public and should be shot.

Dr. de Van's Female Pills. A reliable French regulator never fails. These pills are of the highest quality. Refuse all cheap imitations. Mail to any address. The Scotch Drug Co., St. Catharines, Ont.

WITH THE ADVENTISTS.—No Tenere; or Roman Catholicism and Mixed Marriages. Elder C. H. Kestlake will preach upon this important theme at the Adventist Church, Cookstown Road, to-morrow night, at 8.30. Come and hear it. Seats free.

CARPENTERS' AND GENERAL HELPERS who are willing to assist in erecting the TABLES for the Children's Festival, are requested to meet at Government House Grounds—EX-TRANCE FROM THE MALL—on next MONDAY evening, at 7 O'CLOCK. Tools, Hammers, Hatchets, and Saws. June 16, 21.

HURT BY FALL.—Yesterday afternoon a teamster who had imbibed freely went down on the Smith Co's premises where he fell. His cheek came into contact with some object and was pretty severely cut. For a while he was knocked out, and when revived friends looked after him attended to the wound, and brought him home.

GOSPEL MISSION.—Evangelistic Services will be conducted as usual to-morrow afternoon at the Oddfellows Hall and at the Battery School-room. The service at the Hall last Sunday was of special interest and blessing. One soul professed to find forgiveness, while others were "brieked in their hearts." Greater blessings expected to-morrow. Come and join us. Jude S.—ad. 11.

STAND UP FIGHT.—Yesterday afternoon two men, who had been on a spree, had a stand-up fight on Dickworth Street, when, not being satisfied with the result, they went down on Rendell's wharf and continued the combat. They were parted, and on again renewing the fight on Water Street, Const. Devine took a hand in and arrested both and brought them to the station.

THE GOVERNOR AND LADY WILLIAMS will receive at Government House from 3.30 p.m. to 6 p.m. on Thursday. The 22nd of June in honour of the Coronation of His Majesty the King. If the weather is fine the Reception will be held in the Garden.

THE GOVERNOR will hold a Levee at Government House on Thursday, the 22nd of June, at 11 o'clock a.m. in honour of the Coronation of His Majesty the King.

T. C. FITZHERBERT, Private Secretary. June 15, 17, 20, 21.

Arms and Ammunition Seized.

SPECIAL TO EVENING TELEGRAM. VILLA GARCIA, June 16. Advice from Porto Velra state that the Spanish authorities have seized at the railroad station there two cars filled with arms and ammunition, destined for the use of the Portuguese Monarchists. The supply had been unloaded from a German steamer here, and forwarded by rail, on the strength of the shipper's affidavit that it consisted of machinery.

Sheldon Gets 5 Years.

SPECIAL EVENING TELEGRAM. MONTREAL, June 16. Sheldon, the get-rich-quick financier, has been sentenced to 5 years imprisonment for obtaining money under false pretences.

A Dastardly Act.

When Mr. J. R. Chalker's crew, of the Battery, went out yesterday to overhaul their cod trap at Emory Basset they were surprised to find that some vandals had been there ahead of them and had badly damaged the twine. The main mooring gear had been cut away, about 3 cwt. of rocks had been thrown into the trap which falling downwards had partially torn the bottom out of it, the twine is also cut in several other places and what fish was in it was allowed to escape. It was a dirty trick, and the repairs which must be given it are expensive and entail much loss of time to effect. Mr. Chalker has made a pretty shrewd guess as to who the parties are who damaged his property, and he will see to it that they are put through for their outrageous conduct.

After Unlicensed Motor Cars.

There are comparatively a large number of motor cars in the city, the owners of which are now running them without having secured a license. Yesterday afternoon several members of the police force were detailed to look after these, and a number were held up and the names of the owners and chauffeurs taken. The police will prosecute this duty until all the delinquents are accounted for and each in turn will be summoned to court to answer for driving without a license. The matter of running autos at too high a rate of speed is also being carefully watched, and all who trespass in this respect will be vigorously prosecuted.

Municipal Council Meeting Last Night.

The regular weekly meeting of the City Council took place at 7.30 last evening. Councillor Sullivan wrote the Council to say that the fire at the Chinese laundry was not caused by gasoline. The application of Archbishop Healy to erect a school on Barnes Road was referred to the Engineer. O. W. Steele thanked the Council for giving a free water supply at Government House grounds for the Children's Festival; also for granting the use of Bannerman Park for the Festival. J. L. Kent asked the Council on behalf of Mrs. Caul, Portugal Cove Road, for permission to rear a crop this summer in the land lately taken by the City Council. Request could not be granted. J. S. Keating sent in a protest against putting a bridge over the drains at the head of Carey Street. Permission was given to Morrison & Hunt on behalf of the proprietor of the Chinese laundry at 79 George St. to repair the same. A tank at the corner of Rocky Lane will be removed to Gear Street. A light will be installed there next fall and other improvements asked for by the people of Gear Street will be granted. The complaint of F. W. Angel about damage to flower beds and loss of ash-pails was referred to Sanitary Supervisor. W. N. Gray can repair house on Bond Street. T. A. Pippy will be allowed to extend garage. T. H. Hall was granted permission to erect a fence on Rennie's Mill Road, and Mrs. Cassey to connect with sewer on Water Street. M. A. Easton's request for water connection cannot be granted. The plan of F. Moore's House, Freshwater Road, was approved. The advice of the Health Officer in reference to the public lavatories in the coves will be taken. The inspector of the street sprinkling service wrote to say that the R. N. Co. were not performing the work of sprinkling the streets according to contract. The Secretary will write Mr. Reid on the subject. The employees of the Council will be given a holiday on Coronation Day. The Health Officer reported three new cases of diphtheria, three of scarlet fever and one of typhoid. There are 15 cases of diphtheria in the city altogether. After passing the pay rolls the meeting adjourned.

A HEAVY STORM.—For the past 24 hours a S. E. gale accompanied by heavy rain has prevailed on the West Coast. It raged with great violence last night but gave signs of decreasing this morning.

MINARD'S LINIMENT USED BY PHYSICIANS.

Hints to Householders.

PROFESSOR HENRY ADAMS in his Presidential Address to the Institute of Sanitary Engineers early in 1908, said:—"Gas fires for heating are already widely adopted for offices, consulting rooms where a fire may be required at short notice. I have had nothing else in my office for the last thirty years and do not find any of the ill effects that have been ascribed to them."

Gas fires are universally used by Medical men in London, and they recommend them for use in the homes of their patients.

The Coal Smoke Abatement Society, among whose members are many men of high scientific and artistic attainment, are strong advocates of the use of gas for heating. The Society carried out a most elaborate series of tests with gas fires, etc., in May and June, 1906.

Shoulder Dislocated.

As Leo Kennedy, one of the C. C. C. football team was practising on the Brigade grounds last evening in kicking the ball he was blocked by another player when he fell heavily and dislocated his left shoulder. W. Hart, one of the First Aid Club of the C. C. C., bandaged the shoulder temporarily and then brought the lad to the dressing room on St. George's Field where Dr. Chaplin properly bandaged and splinted the shoulder, and congratulated Hart for the skilful manner in which he treated Kennedy.

Taken From Stable.

The cartridges which were found with a number of school boys in the West End yesterday were found in a stable, which they entered and which is owned by a sportsman. In some cases the boys drew the bullets to get the powder out, and did not know the danger they ran. The owner of the stable was advised by the police to secure it so that others could not get in there.

The Governor and Lady Williams will receive at Government House from 3.30 p.m. to 6 p.m. on Thursday. The 22nd of June in honour of the Coronation of His Majesty the King. If the weather is fine the Reception will be held in the Garden.

That's it

Its extreme whiteness and impalpable fineness make a paint that has no equal for durability and color.

Brandram's Genuine B.B. White Lead carries more Linseed Oil, which gives it a greater covering capacity, and actually makes more paint and better paint.

For more than 100 years, Brandram's Genuine B. B. has been the world's standard white lead.

Uncle Walt
THE POET PHILOSOPHER.

Beneath this stone there lies at rest a man who always did his best. The gods ordained that he should move along a lowly, humble groove. For him there was no wealth or fame, he bore no proud ancestral name, no palace doors for him swung wide, but in his hut he lived and died. His years were many and his toil brought riches from the stubborn soil but all that wealth to them was brought who owned the land whereon he wrought. His fashioned lumber and herded swine that other men might nobly dine. From break of dawn till close of day he toiled along his weary way, and took his earnings close at hand to fatten those who owned the land. His feet were graced with bramble scars, that others might have motor cars. This strip of ground is his reward; 'twas given by his overlord; it's six feet long and two feet wide, and here they brought him when he died. To labor hard for fifty years, endure the burdens and the tears, to have no grateful hours of rest, to toil, and bend, and do your best, to grind, and moll and delve and save, and at the last to get—a grave! Poor souls that in the darkness grope, and weave and spin and have no hope!

A Fine Motor Boat

Mr. S. Butler, on Thursday, finished a fine motor boat for Mr. T. Kennedy, of Avondale, and installed an 8 h.p. Ferro Motor imported by Mr. John Barron. The boat which is 20 feet in length will be able to run 6 knots, and Mr. Butler, Monday, will go around Cape St. Francis with it and up to Avondale. The boat will be used at the Labrador fishery and will be taken in one of the skimmers down to the coast.

GOVERNOR RETURNED.—His Excellency the Governor and party returned from a fishing trip in the country this morning. Owing to the unfavourable weather they did poorly with the salmon.
