A GOOD BAG.

LONDON, Official, Sunday Night. The total number of prisoners taken in yesterday's operations between the Schwaben redoubt and Le Bars is now reported to be 1,018, including 16 officers. Early this morning the enemy exploded two mines south of Ypres in the neighbourhood of Bluff, and occupied the lip of the crater thus formed, where he has been subjected to a continuous bombardment. During the fighting yesterday our planes did valuable work in locating enemy batteries. Five enemy machines were destroyed and four others driven down in a damaged condition; three of ours are missing.

KILLED INSTANTLY.

PARIS, To-day. Premier Stuergh was shot while dining in the Hotel Metssal and Schaden Karntner Strasse. Three bullets from Adler's revolver lodged in Count Stuergh's head, killing him instantly.

POPULAR OUTBURSTS.

LONDON, To-day. A wireless despatch reported that there were grave riots in Vienna following the assassination of Count Stuergh, which the police were powerless to quell. The wireless also reports the renewal of manifestations in Athens in favor of the States intervening on behalf of the Greeks against the occupation of Athens and Piræus by the Entente Allied forces.

NORWAY HIT AGAIN.

LONDON, To-day. Lloyd reports the following: Norwegian ships sunk. The steamers Dido, 232 tons; Fort-y-Fulvo, the latter without warning; the barque Cotecca, the barque Guldass and Cook-of-Walk, and several barges. The Norwegian steamer Rannang, 1,331 tons, was torpedoed by a German submarine; the crew were saved.

HOLLAND'S ATTITUDE.

AMSTERDAM, To-day. The Nieuwen Den Dag makes the following announcement: Replying to the memorandum of the Allied Powers regarding the internment of all submarines in neutral waters, the Dutch Government states that commercial submarines will be treated as merchantmen by Holland.

Reuter's Amsterdam correspondent sends the following concerning the

INTENDED SAILINGS.

The S.S. FLORIZEL.

From New York:

FLOEIZEL October 28th.

From St. John's:

FLORIZEL November 7th.

HARVEY & CO., LIMITED, AGENTS.

Netherland Government's note on the use of Dutch waters by subs: Replying to the Entente Allies' submarine note the Dutch Government intimates that in consequence of the uncertainty of the status of subs they will be treated as warships in accordance with the Dutch neutrality proclamation, and will not be allowed to enter or remain in Dutch waters, except under well defined conditions. The Government, however, will not intern merchant subs because there is no principle of international law which would justify such a course.

GREEK ARMY MUST BE WITHDRAWN.

The presentation by the Entente Allies of further demands on Greece, including the removal of Greek troops to the southern part of the country, and the handing over of Greek war supplies, is repudiated by Reuter's Athens correspondent. An Athens despatch, which is dated Friday, says the demands presented to Reuter's Constantinople by the French military Attache in Greece required the transfer of the entire military forces in Thessaly in the rear of the Allied forces in Macedonia to the Morea Peninsula forming the southern extremity of Greece. The delivery to the Allies of war materials destined for the Thessalonian forces was also required. Other demands were made the nature of which is unknown.

WAR REVIEW.

LONDON, To-day. In face of a continued violent attack by the Teutonic Allies in Dobruja from the Danube to the Black Sea the Roumanians and their Russian Allies are still falling back. The town of Topral, fourteen miles southwest of Constantza, and Cobadin, seventeen miles southeast of the Danube, and the town of Rachova have been taken by the combined Austro-German-Bulgarian forces, who are declared by Berlin to be in pursuit of their defeated antagonists. On the Transylvanian front hard fighting continues in the mountain passes, but with the result in doubt owing to the conflicting statements of the Berlin, Petrograd and Bucharest War Offices. Petrograd says the Roumanians have been forced back in her Buzey Valley; Bucharest, however, does not concede this, asserting that counter attacks by the Teutonic Allies were repulsed at the point of the bayonet. It is evident from the official statements, despite their discrepancies, as a result that no change in the positions has taken place anywhere along the front, but that the Roumanians are fighting tenaciously to hold back the would-be invaders of their country. The battle of the past week along the Narayuvka River in Galicia resulted in an important victory for the Austrian-German forces over the Russians, according to Berlin. Here the Russians are now only holding a small part of the front at the west bank of the river following a general attack by the Teutonic Allies between Svitlenki and Skomovochy in which the Russians were driven back and suffered severe casualties. Petrograd says, however, that the fighting along the river is still going on and that the positions have changed hands several times. Twice during Sunday morning and afternoon, the Germans launched violent attacks against the newly won positions in Cailnee Wood,

south of the Somme River in France. Both attacks were repulsed, the Germans suffering heavy casualties, says Paris. Some of the attackers in the morning offensive gained a foothold in the first line but were surrounded and 150 survivors made prisoners. Berlin, admitting that in Saturday's fighting the British north of the Somme made gains, characterizes the British losses as a reckless sacrifice of human lives. Several trenches between Blaches and La Maissonnette south of the Somme were captured on Saturday from the French, says Berlin. Despite bad weather on the Macedonian front, slight additional progress has been made by the Entente Allies on the Cerna River. German troops are now aiding the Bulgarian forces fighting in the band of the Cerna River. Heavy rainstorms and snow falls are impeding operations in the Austro-Italian theatre.

THE WORK OF SUBS.

LONDON, To-day. The sinking of five steamers—two British and three of neutral nationality—with the loss of at least 8 lives, was announced by Lloyd's yesterday. The British steamers sunk were the "Hugonot," New Castle, and the "Marathon," Glasgow. The crew are reported landed. The neutral ships sunk were the Athens and Haudrot, of Norwegian registry, and the Swedish steamer Alfhild. Members of the crew of the Alfhild were lost, the

remainder saved. The crew of the Haudrot were saved.

A SHORT STEP TO WAR.

LONDON, To-day. The Exchange Telegraph despatch from Copenhagen, says: "The position between Norway and the Germans arising out of the Norwegian measures against submarines, absorbs the Norwegian press. The afternoon of Kristiania, while agreeing that the whole Norwegian people are ready to support the Government, reminds its readers that the nation must have a clear understanding, that the step into war is not a long one and that it is a great task for a small neutral country to uphold the ideals of peace against those of war."

LOOKING FOR TROUBLE.

PARIS, To-day. The Journal Des Debats publishes a despatch dated Zurich, stating that the "Tages Post Stettin" has been suspended for this announcement: The submarine Bremen was torpedoed in an American port after having safely passed the Irish Coast and avoided all the ambushes of the British."

RESIGNATION MORE POPULAR THAN VIEWS.

LONDON, To-day. Arthur Ponsonby, M.P., Private Secretary to the late Sir H. Campbell Bannerman, Prime Minister, has resigned his seat owing to the unpopularity of his advocacy of peace negotiations some months ago. Ponsonby attacked the Government in the House for allowing diplomatic etiquette to stand in the way of peace negotiations.

GRAND BANKS DESERTED.

NEW YORK, To-day. The Grand Banks are apparently deserted by fishermen, the officers of the American liner Kroonland reported on the arrival of the ship to-day. The usual fishing fleet which liners pass at the northern trans-Atlantic voyage was not seen by the Kroonland. The officers surmised that the fishermen, frightened away by the recent activities of the German submarine U-53.

CABINET WILL RESIGN.

BERLIN, To-day. A Vienna despatch to the Overseas News Agency says "The Austrian Cabinet held a session after the assassination of Premier Stuergh. In accordance with precedent, all the Ministers will offer their resignation, but it is not expected they will be accepted by the Emperor."

THE GEORGE B. CLETT AT BOSTON.

BOSTON, To-day. The Grenfell Mission schr. "George B. Cluett," which left here on June 19, 1915, with an expedition for the relief of Donald B. MacMillan, Arctic Explorer, arrived on Sunday from Lunenburg, she is bringing a quantity of hunting trophies and Eskimo curios consigned to an American museum in New York. The schooner which was frozen in last winter at Baffin Bay, showed virtually no effects of her rough experience. She is expected to make a return trip with winter supplies for the Grenfell Mission at St. Anthony, Newfoundland.

Keeping, of the Anglo-American Telegraph Co., has received a message from Ottawa stating that his son, Lancelot Keeping, was officially reported wounded in the nose and scalp and was admitted to No. 3 General Hospital, Boulogne. For Rent.

(New York Sun.)

Arthur Norton's house and John Hatfield's became vacant within three days of each other. The Norton house stood on an unusually big lot in the best residence section of the suburban village. It had all the improvements, but Norton, after an anxious examination of the property, incurred an expense of many hundreds of dollars to better it. He installed a new heating system and set the decorator to work in every room, he laid hardwood floors, he replaced costly plumbing fixtures, he had the painter apply to the exterior three coats of the best white lead and zinc. The last touch was supplied by gardeners who pruned the fruit trees and shade trees and rearranged the handsome shrubs massed here and there on the lawn.

John Hatfield, a cigar in his mouth strutted through his empty house. He surveyed unemotionally the faded wall paper and the ruin wrought by leakages. He gave no thought to the shabby exterior and a glance up and down the street, which had visibly grown less desirable for residences, left him unmoved. After a thoughtful glance at the small, poorly kept yard he spoke a few words to the carpenter and decided to raise the rent \$5 a month. For two or three days there was a sound of much hammering and then it became known that John Hatfield had let that old house of his for \$35 a month. Would you believe it? The gossip asked, each other. And there was the fine Norton house to be had for only \$30 and still standing empty.

Three months later Arthur Norton let his house for \$35 a month. Norton met Hatfield about the time. The men exchanged notes on renting. Norton was astounded to learn that Hatfield had not spent a dollar on his house. He told of his own outlay. Hatfield shook his head in tolerant criticism.

"But you did do something to improve the place, didn't you?" asked Norton. "I haven't been down that street in some time."

"Oh, yes I built a garage," Hatfield answered. "Not that the tenants have a car. But like every one else they expect to have one some day. It's the psychology of the thing that counts, Norton. It's the psychology of the thing."

GOES TO HOSPITAL.—Mrs. Samuel Carter, of Westleyville, entered the General Hospital this morning to undergo a serious operation. Mrs. Carter while in the city was staying at the home of her daughter, Mrs. F. Moore.

A London, Ont., despatch of the 12th says: Woman is winning by service what she failed to obtain by argument or force. Addressing the great gathering of Women's Canadian Clubs of Ontario, in the auditorium of the Normal School here, recently, Sir Wilfrid Laurier confessed that he had been won over to the cause of woman suffrage. "I do not think that woman's struggle will achieve all the good its exponents claim for it," he observed, smiling, "and I am sure it will not result in all the bad its opponents expect from it; but, as we witness the glorious part that noble woman is taking in service and sacrifices for the highest and best in civilization, my personal contention is that there is no reason why she should be denied the right of the ballot if she wants it."

AN UNFOUNDED RUMOUR.—A report was in circulation yesterday that Lieutenant Norman Outerbridge, who left with the last contingent, had been severely wounded at the front. It is entirely incorrect. Wedding Bells.

ATHE-DAWE.

Topsal, the popular seaside resort, witnessed the performance of a very pretty wedding ceremony on Wednesday afternoon, Oct. 18th, when Miss Marion Isabella Ayre, of St. John's, daughter of the late Geo. and Isabella Ayre, was united in the holy bonds of matrimony to Mr. Geo. Dawe, P.P. of Port de Grave. The bride wore a travelling costume of cream serge, trimmed with charmeuse satin and pretty picture hat, trimmed with ostrich plumes. The bridesmaid, her sister, Lillian, wore a beautiful gown of pink nixon, with heavy overlace, and a large picture hat of black. Mr. John Dawe of Bay Roberts capably performed the duties of best man. The bride was given away by Mr. William Piercey of Jas. Baird's, Ltd., an old friend of the family.

Mrs. Harold Andrews presided at the church organ, accompanying the singing of that beautiful hymn, "The Voice That Breathed O'er Eden," whilst the ceremony was being performed. The happy couple marched down the aisle to the strains of Mendelssohn's Wedding March, proceeding therefrom to the home of Mrs. Butler where the wedding supper was partaken of. Rev.
