

The Best Shops Throughout the World Sell Sunlight Soap

PIN THIS UP TO YOUR KITCHEN WALL
FOLLOW DIRECTIONS AND SAVE MONEY

Use Sunlight Soap in this way which saves time and trouble. Put your-linen and cotton clothes to soak in cold water overnight, or for at least two hours. Wringing out in the morning, then rub each article with Sunlight Soap, see that you put Soap on all of each article. Roll each article tightly and place the entire wash in a tub of hot water.

LEAVE SUNLIGHT SOAP ONE HOUR TO DO IT'S WORK

Then rub the clothes lightly on the washboard, turn each garment in-side out and rub Sunlight Soap on the seams and soiled places. Next, rinse in lukewarm or tepid water, wring out and hang up to dry.

THE SUNLIGHT WAY IS THE EASIEST WAY

For woollens and flannels first shake each article well to get rid of loose dust. Cut a piece of Sunlight Soap into chips or flakes, put the chips of Sunlight into a pan of boiling water and make a good lather. Wait until the water becomes lukewarm, then wash out each article in this lather without rubbing. Don't use the washboard, let Sunlight Soap do the hard work. Squeeze out the water, don't twist. Rinse well in two relays of lukewarm water. Squeeze out the surplus water, don't twist. Hang up the clothes to dry.

Sunlight Soap Will Save Your Clothes
and Consequently Save Your Money

Every Intelligent Woman Uses Sunlight Soap

WANT YOU TO COME BACK.
We care that we exercise in most cutting and fitting a suit for you just how much we are pleased in pleasing you. Only your satisfaction will bring you back to us and we want you to come. Our prices are reasonable.

Havers Adds Daily to Reputation

AS BRITISH GOLF KING. London, Aug. 8. (A.P.)—Arthur Havers has been proving himself worthy of his title, open golf champion of Great Britain. Since he took the crown of Walter Hagen's brow at Troon, the young English professional has won several minor tournaments, broken some course records, picked up a pile of pounds and acquired a reputation of being one of the hardest, longest hitters the game has produced.

Following his rise to glory at Troon, Havers went over to the famous Scottish inland course, Glen- eagles, and won the 1,990 guineas tournament from a select field. Soon afterwards he was in France, where he finished well in the open championships of that country, won by another Briton, James Ockenden. Since returning home Havers has been hammering away in several tournaments, letting the records fall where they may.

Playing at St. Albans July 10, Havers won a £450 tournament, scoring 67 on his second round for a record over the Verulam course. He did it largely with his drive. His shots screaming 300 yards and more down the fairways on nearly all the longer holes. He played so smoothly that almost every hole with his hitting fell under the formula of a drive, a pitch and a putt. He started with 3, 3, 2, four strokes under bogey. He carried the third green, 132 yards, with a mid-iron. At the seventh, 698 yards, his drive hit the face of a bunker guarding the green and he went four. The eighth is a blind drive over a huge gravel pit. The cup measuring 348. Havers' drive stopped just thirty paces from the pin. He was out in 32 and started back by driving beyond the green of the 310-yard tenth, where he got a 2.

The eleventh is 435 yards, yet the champion's tee shot was so monstrous he needed only a light mallet-like pitch on to the green. He kept up this pace to the end, save at the long sixteenth—582 yards—where he topped his tee shot, bungled his brassie, and needed six to sink the ball.

Personal
The Lowney Chocolate Company, of Boston and Montreal have recently appointed Mr. Leo A. Duffy, of this city to act as their exclusive representative for Newfoundland. This company is one of the largest chocolate manufacturing concerns in North America and Mr. Duffy has been very fortunate in securing such a substantial agency.

C. L. B. Break Camp To-Day.

The Battalion on Thursday spent the day at Bell Island as the guests of J. Co. and C.L.B. Ladies' Auxiliary. After the departure of the Battalion for Bell Island yesterday Lieut. R. G. Ash was appointed Acting Camp Commandant. Just before the sailing of the steamer Lieut. Mottly decided to abandon the voyage and demer evidently making him change his mind—so Lieut. Ash promptly appointed him his Adjutant, and thus was able to have his assistance in entertaining the ladies during the afternoon. The officers organized a football match to pass the time and invited the following ladies to take part:

REDS—Lieut. Mottly, Captain; Misses May Chafe, Dorothy MacKenzie; Ptes. Lee and Mercer.
BLUES—Lieut. R. G. Ash, Capt.; Misses J. O'Grady, Percy; Ptes. Crobbie and Pepper.

The Reds won by four goals to two. The other lady visitors not being in football costume were prevented from participating. However, everybody were able to accept the officers' invitation for afternoon tea. On arrival of the Battalion from Bell Island, Lieut. Ash handed over his command to Major Tait, M.C., and received mention in the despatches for his services.

Holyrood Garden Party.

Father Finn's Annual Garden Party takes place at Holyrood to-morrow afternoon, and gives promise of being a greater success than any yet held. By kind permission of the Officer Commanding, the G.C.C. Band will be in attendance. In connection with this garden party, an excursion train will leave St. John's at 2.30 Sunday afternoon, and will go as far as Holyrood, stopping at all intermediate stations. Returning, the train will leave Holyrood at 2.50 p.m. A large number of excursionists will no doubt avail of this train.

Strong Feature Bill at the Nickel.

"GOLDEN DREAMS" ONE OF ZANE GREY'S BEST.
Zane Grey's powerful story "Golden Dreams," the feature attraction at the Nickel Theatre last night is an excellent melodrama, it carries conviction, is excellently directed, and well acted by an unusually good cast. The leading woman's part is played by the beautiful Claire Adams while the hero's trials and joys fall to Carl Gantvoort, a two-timed fighter and a double-armed lover. Bertram Grassby is a finished young villain, aided and abetted in his crimes by Frank Leigh. They are a hard combination to beat. Mme. Rose Dionne, the former protegee of Mme. Sarah Bernhardt, plays an important role with unusual distinction and dramatic power.

WEAK WOMEN

cannot hope ever to become strong and well again unless they have plenty of good, rich, red blood of the kind that organic iron—Nuxated Iron—helps make. Nuxated Iron is like the iron in your blood and like the iron in spinach, lentils and apples, while metallic iron is iron just as it comes from the action of strong acids on iron filings. Nuxated Iron does not irritate the teeth nor upset the stomach; it is an entirely different thing from ordinary metallic iron. It quickly helps make rich, red blood, revitalise worn-out, exhausted nerves and give you new strength and energy. At all drugists. Beware of substitutes. The genuine has "N.I." stamped on every tablet. Always insist on having the genuine.

Busy Scene at Dry Dock

The repairs to S.S. Prospero are fast nearing completion, and it is expected that she will come off the slip within the next ten days. The ship has been practically re-classed from stem to stern. A large number of plates have been replaced, and the ship otherwise put in condition. After the Prospero undocks, the Florida will go on for permanent repairs. The latter ship was damaged by striking the rocks entering Nipper's Harbor, and the work will keep the mechanics and laborers busily engaged for a period of five weeks. The new rudder, shipped from New Glasgow, N.S., for S.S. Daisy, is now being placed in position.

Hearst Sues Daily Mail.

William Randolph Hearst has had a writ for libel issued in London against the Daily Mail. The charge is said to be based on a statement contained in a New York cablegram to the Daily Mail that Mr. Hearst was the publisher referred to by President Harding in his speech of April 28 before the American Society of Newspaper Editors in Washington, when he declared he would not give a rap for the conscience of a man whom he said, was urging him privately to cut excess profits and income and surtaxes, while his newspapers were clamoring that the "minions of capital" were pressing a tax reduction campaign.

The Missionary's Difficulty.

A missionary home from the Congo has been confessing to some amusing blunders in the translation of popular hymns into the native languages. He was puzzled by the extreme popularity of "Wonderful Words of Life" among all classes of natives until he discovered that the word employed for "life" in the translation also meant "stomach." Equally puzzling was the aversion to singing "Lord, dismiss us with Thy blessing," until it appeared that the translator had rendered it, "Lord, kick us out softly."

The Prince of Wales in Canada.

London, Aug. 8.—In connection with the proposed visit of the Prince of Wales to his ranch in Alberta in the early autumn some interesting information about the ranch is given by the Times. As has been announced the Prince's visit to Canada this fall will be entirely unofficial. Traveling under the name of the Duke of Cornwall, his Royal Highness will make the trip as a private citizen of the Empire, and he will not accept engagements, if official, of any kind while in the Dominion. The coming visit of the popular Prince is regarded as a proof of the serious business character of his Canadian enterprise and also of his close personal interest in agricultural affairs generally. The Royal Edward Prince Ranch at Pekisko, Calgary, is situated on the foothills of the Rocky Mountains, and extends to some thousands of acres pasture, with about two hundred acres under cultivation for the production of supplementary winter feed. The ranch is managed by Prof. W. L. Garity, who was recently in England, and took back with him consignments of Shorthorn cattle and Hampshire Down sheep to replenish the herd and flock of pure-bred stock already on the ranch, and also three young Clydesdale fillies as a nucleus of a new stud of the Scottish breed of draught horses, the type popular

In Western Canada. The King's thoroughbred stallion, Will Somers, was also included in the interesting shipment, it being the intention to let this representative of the turf stand at the B. P. Ranch for the benefit of the stud-owners of the Province. The herd, at the head of which stands the bull-Prince of the Furies, a prize winner for the Stoke Oldland herd in which he was bred before being exported, now numbers nearly one hundred head, and by degrees the grade cattle will be displaced by registered Shorthorns. The sheep kept are Hampshire Downs and Shropshires, the former having been recently increased by important consignments from England. The Hampshire breed has many supporters in the Western Provinces of Canada and the United States.

It is a notable point in favor of the R.E.P. Ranch that the stock—cattle as well as sheep—can be kept out of doors the whole year round. As hinted, provision is made for giving supplementary food in winter, or when the supplies on the pastures run short, but the herd and flock practically support themselves on the open pastures of the ranch, and prosper and multiply liberally under these frugal and hardening conditions.

A Splendid Exhibit.

The display of Richard Hudnut's high class toilet requisites and perfumes now to be seen in Bishop & Sons building, Water Street, is attracting a great deal of favourable attention these days. The beautiful and world renowned THREE FLOWERS toilet preparations show up splendidly in their magnificent and dainty containers. This popular assortment of toilet requisites needs but little comment, for now most people acknowledge that the name THREE FLOWERS when applied to toilet goods is a remark of refinement and good taste. The best people use THREE FLOWERS all over the world. Not only is the quality excellent but the striking and unique appearance of the goods makes them stand out prominently. The beautiful crystalline bottles, the lovely rich looking packages, all denote the excellence and merit of the products. Even the advertising aids which are offered stores selling these goods are of unusual tone and quality, all in keeping with such high class and aristocratic preparations. Such an exhibition is sure to attract many new users and the manufacturers are to be congratulated upon their progressiveness in obtaining such a fine display of their products which they are so justly proud of. Mr. Gerald S. Doyle, who is the local representative for Hudnut's goods, said that there is a splendid demand for these preparations in St. John's and that this demand is now spreading all over the country.
