McGuinness and his wife were witnesses for the Crown in a charge of assault preferred against James Constantine, a rather respectable-looking man. The trouble arose out of a drunken row at the former's house, corner of Wellington and Bathurst streets, on Thanksgiving evening, in which the proprietor's refusal to sing a song led up to blows. Mrs. McGuinness said her spouse was shamefully abused by Constantine, who jammed his head against a stove and repeatedly knocked him down. Mr. Esary defended the accused. Public School Opening.
The Lorne avenue public school, which has been undergoing extensive repairs, was formally opened yesterday afternoon in the presence of a large number of people. Trustees Allister and Childs had the arrangements in hand, and had sent out a general invitation to the city clergy, trustees, aldermen and water commissioners to be present. Chairman Albert O. Jeffrey, of the Board of Education, occupied the podium, and in a neat speech opened the proceedings. The speakers were: Mayor Taylor, Trustees Yates, Johnston and Childs, Ald. Anderson, Water Commissioner Esary, Rev. W. Hayhurst and Rev. W. Rogers. Principal Robert Ford Dr. Gardiner. The pupils also contributed materially to the success of the entertainment by the singing of patriotic songs, which were freely interspersed between the speeches. The day closed with the singing of the National Anthem. The additions made to the school make Lorne avenue one of the best in the city, and will increase its accommodation by about 225, consisting as it does of four rooms.

SCHOOLS AND SCHOLARS.
Kindergarten Decided Upon for Several Schools—Mr. Little's Salary.

No. 1 Committee of the Board of Education met last evening. Trustees Stephenson (chairman) Jeffrey, Johnston, Tanton, Yates, Inspector Boyle, Secretary Abbott and Trustees Brady and Childs of No. 2 Committee being in attendance. The question of school boundaries occupied a good deal of time and caused considerable talk. Trustee Brady called attention to the fact that the Board of Aldermen intended making Wellington street the boundary between the Hamilton road and the Simcoe street schools. The committee decided Waterloo street to be a more judicious place for the dividing line, and acted accordingly. On motion of Trustee Jeffrey it was resolved that Eastern Mainland street be the eastern boundary of Princess street school.

The question of the course of study in Rectory street school involved the removal of a preparing class from Lorne avenue school to the Rectory street school. Messrs. Fekert and Allhouse, the respective principals, were heard and considered the step to be inadvisable. It was resolved that the class remain as it is and that Rectory street school be a graded school commencing Jan. 1.

A number of regulations salary increase appeals were received and disposed of as follows: Miss Edith A. Ferguson, \$25 raise; Miss Tyler raised to \$307.50; Misses Lottie McLeod and Kate Cameron to \$347.50 each; Mr. R. F. Wilson to \$800. Trustee Yates moved that a kindergarten teacher be obtained for the Simcoe street school. Carried.

The recommendation of the Council that Mr. Little receive \$1,200 a year was brought up.

Trustee Jeffrey moved that the salary be made \$1,200 from Sept. 1, the time he accepted the position of acting principal, in accordance with Trustee Love's motion at the Council.

Mr. Little said he was averse to accept it, as it meant only \$75 for his services. He thought it amounted to a condemnation of his principalship. He did not incline favorably to the idea of being appointed assistant principal, as the office in his opinion was unnecessary.

This motion was, however, passed. Mr. Little preferring not to take a price on his extra work as acting principal.

The question of kindergarten sites was considered, and it was decided to place them at the Talbot street, Colborne street and Lorne avenue schools, on condition that the ratepayers provide the funds for the piano. The appointment of teachers was left in the hands of Trustees Stephenson, Jeffrey and Yates.

Trustee Yates moved that the promotion examinations be not held this term unless requested by head masters. Carried.

The matter of advertising the advantages of the Collegiate Institute in the Advertiser and Free Press, was brought up by Trustee Johnston. It was left to the committee with power. It was recommended that \$3 per month be charged pupils to the Collegiate Institute, coming from outside the county. Carried. The teachers' reports were as usual filed. Two or three complaints about teachers being late were contained therein.

Smokers Should Read.
London is well known throughout Canada, particularly as the city from which the celebrated "Highland Lasses" are shipped to all parts of the Dominion from the Atlantic to the Pacific. Messrs. H. McKay & Co., the manufacturers, take a special pride in the 3-cent cigarette. It has been completely tested by the majority of the smokers of the country, who pronounce it the choicest article on the market. Now, but the best fillers and wrappers are allowed in its composition, and when once tried, it convinces the most sceptical of its superiority. Messrs. H. McKay & Co.'s immense establishment, with its products, is a credit to the city.
