# CLEARED OF VERY SERIOUS CHARGE

Conference Takes Action in the Case of Rev. J. B. Kennedy, Cedar Springs.

Rev. James B. Kennedy, of Cedar Springs (Chatham district), has been exculpated by the London Conference. serious charge was laid against him ecently, and last week the conference took up the matter on the report of a special committee. The charge was e made by a member of the congre gation, involving the complainant's laughter, and the session was held by the ministerial section alone, behind losed doors. However, the information aked out that the vote to refer the natter back to the committee was very close one. A number of the mem bers favored disposing of the matter at once by declaring Mr. Kennedy in ocent: others held that if Mr. Ken edy was wrong, further investigation could do no harm, and as there seemed to be a necessity for a clearing up of ome points, the matter went back. Hence it was that the special conmittee took further evidence, and this norning another secret session was neld. The report of the committee was that the more it investigated, the mor onvinced were the members that the charges were baseless. It recon nended that the conference go farthe han simply declaring the charges no proven, and say clearly that Mr. Kennedy was innocent of the serious harge against his character. Rev.
