# GIVE KIEL CANAL

Beresford in the Interests of Peace.

Her Fleet Less Mobile In War.

Leeds, Eng., Sept. 15,-(Correspondmass meeting for the purpose of stimulating recruiting here, said: "The Kiel early in June. Canal must be handed over to Denmark, so it will be useful for the peaceful pui-

suits of the world." The remark caused widespread comment, and has become part of the discussion of the probable results of the war, if the allies win.

When the Kiel Canal was opened in 1895, the Emperor of Germany, with representatives of the leading European powers as his guests, said: Germany will range the work inaugurated today on the side of those accomplished in the service of peace." Significant Incident.

CARRANZA TROOPS It was regarded as significant that upon the enlargement of the canal last June, the occasion was not one of international celebration, although Emperor William attended and led a great fleet of German warships through the canal-which now figures so extensively in the naval operations, as a magnificent refuge for the German fleet. German strategists insist that the Kiel Canal doubles the power of the German fleet, as it gives another trance from the North Sea to the Baltic

and forces an enemy to scatter its General Hill's Forces Practistrength in order to bottle up the German warships. Eight enormous sidings have been provided within the enlarged canal, in which ships may pass. These are so great they are said to be capable of sheltering all the ships of the German navy. Value Discounted.

English strategists assert that the value of the canal has been discounted considerably by the developments of the present war, and declare that it has, if anything, rendered the German fleet more immobile than it might otherwise

# MIntite Spotlight A Health Message To The World

Discovery of "Fruit-a-tives" Has Brought and Happiness to Thousands of People All Over the Dominion.

# FRUIT JUICE CURES MANY SERIOUS

Is the Only Medicine Made From Fruit "Gruit-a-tives" Juices-It Is Pleasant to Take and Acts Gently on the Whole System.

RUIT Juice consists of 91 per cent water and 9 per cent solid material This solid material consists of about 8 parts sugary substance and one part of an intensely bitter substance, which is the medicinal or curative principal of fruit. In order to get the full benefit of fruit in the ordinary way, one would have to eat huge quantities of fresh fruit. By the discovered process of making "Fruit-a-tives," the bitter material in fruit juice is made to grow or increase and thus a stronger fruit juice is created. Then, this stronger fruit extract is mixed with valuable tonics and antiseptics and made into tablets. Thus, we have concentrated and intensified fruit juices, and the practical use of Fruit as a medicine is brought within reach of all.

Like fruit juice, "Fruit-a-tives" acts on the organs of the body—the liver, bowels, kidneys and skin—and stimulates all these parts to renewed activity. "Fruit-a-tives" is the most powerful liver stimulant in the world, and by it the kidneys and skin are stimulated to do The splendid nerve tonics and antiseptics incorporated in "Fruit-a-tives" make this medicine the finest of nerve restorers, while germs in the stomach and bowels are destroyed.

"Fruit-a-tives" will cure Indigestion or Weak Digestion, Dyspepsia, Kidney Disease, Constipation, Biliousness and Liver Trouble, Backache, Rheumatism and Rheumatic Pains, Sciatica, Lumbago, Neuralgia, Headaches and all indications of Impure Blood.

Remember, that "Fruit-a-tives" is the only medicine in the world that is made of fruit. There is nothing else as good, because there is no other preparation anything like "Fruit-a-tives."
