Final examination results at Western University, which includes Medicine, Arts, Public Health, Assumption College, Sandwich, and Brescia Hall of this city, the latter two being affiliated Roman Catholic institutions, were announced for publication today. The Governor-General's medal for fourth-year honor English and history has been awarded to Catherine Mary Sabine, while Cecil C. Carrothers captured the Edward Blake prize. Both these students are Londoners and members of the graduating class in arts.

Several other scholarships and prizes, including the Typographical Union gold medal for second-year English composition, won by G. A. Wright, are announced by Dr. K. P. R. Neville, registrar at Western. He states that in a few isolated instances, the papers written in special subjects have not been read in time to incorporate the results in this report. But these results as well as the detailed reports of all the examinations will be mailed from the registrar's office to the candidates concerned within the next two or three weeks.
