

FOUR

WESTERN WHEAT YIELD TO TOTAL 248,423,000 BU.

Rust Has Done Considerable
Damage in Prairie
Provinces.

Winnipeg, Aug. 23.—(Canadian Press).—The Manitoba Free Press this morning estimates the wheat yield of the prairie provinces at 248,423,000 bushels in its eighteenth annual crop estimate. The acreage so being shown as 17,461,000 acres.

In publishing the report, the newspaper calls attention to the fact that the 1921 crop has sustained more reverses than any previous crop included in the estimates, and it has been the most difficult of all to estimate on, owing to the widely varying conditions in comparatively limited areas.

The yield of oats is estimated at 357,785,000 bushels (acreage 9,522,000); barley 41,324,000 bushels (1,846,700); flax 6,859,000 bushels (751,000); rye 10,885,500 bushels (588,000).

Heavy Rust Damage. The acreages used for the estimates are those contained in the Dominion Government statistical bulletin of July last.

Viewed in the light of the promise up to the middle of June, the total result is disappointing not only as to yield, but as to grade of wheat, the newspaper says. Nevertheless there is no total failure in any of the provinces, though there are some districts of each province that have not produced bread and seed.

Rust has probably done the most damage, but sawfly, hail and heat have been responsible for heavy losses in many sections. With the single possibility of loss by frost to the very late crops in the northern sections of all the provinces, the crop is practically made and in Manitoba a very material portion of the threshing is done. Labor supply on the whole seems to be sufficient, for while some districts report a shortage at the moment, it is more a matter of adjustment than of actual scarcity, the report says.

SPANISH OFFENSIVE AGAINST TRIBESMEN WILL BEGIN SHORTLY

Moorish Rebels Increasing
Attacks On Defences
At Melilla.

Madrid, Aug. 23.—The new Spanish offensive against the rebellious Rif tribesmen is expected to begin before the rainy season sets in, according to the latest dispatches from Melilla. It is said that the number of the Moors who began the recent attack, which resulted in not more than 20,000 men, instead of 30,000, as previously believed.

MOORS RENEW ATTACKS. Melilla, Aug. 23.—Moorish tribesmen are increasing their attacks upon the outer zone of the Spanish defences of this city, but have been repulsed with important losses. The enemy is using cannon in his operations against the Spanish trenches.

Commanding officers of the Spanish army have begun preparations for the punitive expedition against the tribesmen.

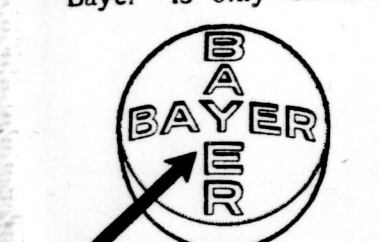

REPORTS OFFICIALLY DENIED. Madrid, Aug. 23.—Reports that France had sent Spain a note warning her to restrict her offensive operations against Moroccan tribesmen to the Melilla zone are officially denied here.

OIL MAGNATES TO DISCUSS PROBLEMS

MEXICO CITY, Aug. 22.—The newspaper El Universal today says it is informed that the heads of the important oil companies in the United States will leave New York Wednesday for Mexico City for a conference with the Government here looking toward an amicable and definite settlement of petroleum questions. It is advised it says, that the meeting has the approval of the state department.

ASPIRIN

"Bayer" is only Genuine

Warning! Unless you see the name "Bayer" on package or on tablets, you are not getting genuine Aspirin at all. In every Bayer package are directions for Colds, Headache, Neuralgia, Rheumatism, Easache, Toothache, Lumbago, and for Pain. Handy tin boxes of twelve tablets cost few cents. Drug-gists also sell larger packages. Made in Canada. Aspirin is the trade mark (registered in Canada), of Bayer Manufacturing Co.

GIANT DIRIGIBLE ON TEST TRIPS BEFORE ATLANTIC FLIGHT

Howden, England, Aug. 23.—The dirigible ZR-2, purchased from Great Britain by the United States, commenced a trial trip at 7:10 o'clock this morning. British and United States aeroplanes were in charge of the giant balloon, which will start on its flight across the Atlantic to the United States as soon as practicable.

It was intended that today's flight would be the final test of the great airship before the commander, Louis H. Maxfield, of the United States navy and his crew formally took charge of the craft. There were about 25 people aboard.

Three hundred men carefully guarded the craft from the hangar where it had been waiting suitable flying conditions. The party megaphoned the order "cast off," and the 500-foot long airship glided upward into the clear morning sky. If the conclusion of today's test should be successful, Commander Maxfield, with the concurrence of the naval department in Washington, will take over the craft.

The next step will be the training of the crew in one or two fifteen or twenty hour flights, and then, having unexpected difficulties, all will be ready for the jump-off toward America.

LABOR EXECUTIVE TO PROBE CONDITIONS AS BASIS FOR A POLICY

Survey of Situation in United
States Is To Be Com-
menced at Once.

Atlantic City, N. J., Aug. 23.—The executive council of the American Federation of Labor today started work on the drafting of "a policy to serve as a guide for the labor movement of America."

A thorough and scientific investigation of the entire field of modern industry will be ordered, it is said, and the results of this inquiry will form the basis of the new policy.

The council had before it today a report of a committee which conducted an investigation to determine the possibility of "co-ordinating the present educational institutions and activities conducted under the auspices of organized labor." This committee also investigated the "strength of the demand for a central labor university which may be developed among the affiliated unions," and considered the matter of extension courses and scholarships which would make the facilities of such an institution of widest service.

The questions of administration and financing of such a university also were considered.

A report of an investigation to determine if organized labor is getting a "square deal" in school text books is expected shortly.

BRUCEFIELD RESIDENT EXPIRES SUDDENLY

(Special to The Advertiser.)
Brucefield, Aug. 23.—On Monday afternoon last Mr. Wesley Harvey of the second concession, Stanley, met with sudden death. It appears that after dinner, before driving away on some business, he walked out to the barn to see how his boys were getting along unloading a load of hay with slings or hay fork worked by a horse and not noticing that the horse was not drawing properly he picked up a little stick to urge him on and just at that minute he sat down and after drawing two or three long breaths, passed away.

Before it was known he had passed away medical aid was quickly on the spot, but nothing could be done. Mr. Harvey was well and favorably known, not only through the township, but throughout this county and others, and was known as a large buyer and shipper of hay. He also acted as an energetic and successful businessman. He leaves a family of three sons and daughter and wife.

154 RAILWAY ACCIDENTS DURING MONTH OF JULY

Ottawa, Aug. 23.—(Canadian Press).—During the month of July there were 154 railway accidents reported to the railway commissioners, amounting to 42 deaths and injuries to 133 persons. Eleven employees were killed and 88 injured. Nineteen passengers were injured, but none killed.

There were nine highway crossing accidents during July, resulting in death of 16 and injury to 146.

SUDDEN CALL FOR GEORGE ANDERSON

(Special to The Advertiser.)
TILLSONBURG, Aug. 22.—George Anderson, aged 72 years, died suddenly at his home on Harvey street this afternoon. Coming from working in his garden, he sat down in a chair, and when he was near death from heart failure. Dr. Reid was called, but death had taken place before his arrival. Deceased was born in England in Tillsonburg all his life. Mr. Anderson learned the printing trade with the late John Law, proprietor of the Tillsonburg Observer, and only relinquished his position as typesetter a few weeks ago. He never married. He leaves one brother, John, also of Tillsonburg. The funeral will be held on Wednesday to the town cemetery.

CHARGE DOMONEY WITH INTENT TO DEFRAUD

OTTAWA, Aug. 22.—William G. Domoney, ex-sergeant of the militia and defence department, who arrived here Saturday, after being brought from England, via extradition proceedings by the R. C. M. P., appeared in police court today, and at the request of the crown was remanded for a week.

Domoney is charged with having obtained by false pretences a check for \$1,216.66, payable to F. C. Heath, on October 26, 1920, with intent to defraud. The charge arises out of the investigation carried out by a royal commission into extensive change frauds in the department. Domoney was granted \$2,000 bail.

PAVING BYLAW IS CARRIED AT WATFORD

(Special to The Advertiser.)
WATFORD, Aug. 22.—By a vote of 115 for to only 40 against Watford ratepayers today carried the bylaw to provide \$25,000 for a new pavement. Plans are nearly completed and work on the new roadway, which will be of concrete, will commence at an early date. Under the arrangement the province pays 40 per cent of the cost and the county the remainder.

BRADBURY SEES EARLY ELECTION

Westerner Believes That Public
Demand Should Force
Vote.

WINNIPEG, Aug. 22.—That there would be a general election before Christmas was the impression of Senator George H. Bradbury, who arrived in Winnipeg today from Ottawa.

"It is my honest opinion," he said, "that there should be an election, and the public demand and interest is probably strong enough to force the Government to appeal to the country before Christmas."

"I agree with the stand taken by the Montreal Gazette," he added, "that there should be an election, and the public demand and interest is probably strong enough to force the Government to appeal to the country before Christmas."

"I agree with the stand taken by the Montreal Gazette," he added, "that there should be an election, and the public demand and interest is probably strong enough to force the Government to appeal to the country before Christmas."

WOODSTOCK CITIZENS TURNED DOWN BYLAW

Gift of \$25,000 to Firm Was
Main Objection Appar-
ently.

(Special to The Advertiser.)
WOODSTOCK, Aug. 22.—The ratepayers today voted on a bylaw to grant to Warren & Son, manufacturers of theatre and church organs, a bonus of \$25,000 and a loan of \$15,000. The result of the vote was 705 for and 704 against. While this was a straight majority of one for the bylaw, it was necessary to secure two-thirds of the vote polled, and the vote polled was 233 votes short of carrying the bylaw.

The money was to have been used for the erection of a new factory and for buying new machinery. The city was also asked for the free use of the campaign on the bylaw has been a strenuous one, and the local papers came out against the bylaw, but the supporters of the bylaw used the local Opera House, and installed one of the company's big \$10,000 organs, playing it after noon and night, the collection for which went to returned soldiers out of work.

The great objection taken to the bylaw was the straight gift of \$25,000 to the firm. The general feeling was in sympathy for aid for the Warren Company, but the high taxes and other conditions worked against the bylaw passing.

The vote by wards stood: St. Andrews, for 111, against 100; St. David's for 143, against 133; St. John's for 150, against 132; St. Patrick's for 125, against 135; St. George's for 166, against 236. Total, for 705; against 704.

LONDON PASTOR IS ILL AT BLENHEIM

Rev. George Dewey Taken
Sick While on Vacation.

BLENHEIM, Aug. 22.—Rev. George W. Dewey of Empress Avenue Methodist Church, London, is seriously ill at his cottage at High Banks on the lake, about seven miles from town, where he and his family have been spending their vacation.

A sad death took place last evening at the home of Mr. and Mrs. Milo Pardo, Harwich and Blenheim town line, when their daughter, Mrs. Pepper, passed away from an attack of spinal meningitis, at the age of 26 years. Her husband died about three years ago.

While at work on the paving one of the foreign laborers dropped a \$10 bill a few days ago. It was afterwards found by a lad, who handed it over to his father, and it has since come to light who the man is who got the money. The police have laid a charge against the father of the lad for retaining it.

George Goldsworthy, superintendent of the district of government park, leaves this week for a couple of weeks at the Toronto Exhibition, under instructions from the department of forests. He will take along some of the products of the park in the form of deer, pheasants, and from the Bates fox farm some foxes.

FARMER WHO RESIGNED IS NOW A MAGISTRATE

Albert Hollier of Kenilworth Appointed
by Attorney-General.

(Special to The Advertiser.)
GUELPH, Aug. 22.—The attorney-general has appointed Albert Hollier of Kenilworth police magistrate for certain districts in this vicinity. His appointment will be in all probability a number of cases, which would otherwise have come before Magistrate Watt in Guelph.

The district covered by Magistrate Hollier's appointment includes the townships of Arthur, West Lutherville, West Garafraxa, Erin, Nichol and Fikington, the town of Mount Forest and the villages of Arthur, Fergus, Elora and Erin.

It is understood that the appointment takes effect immediately. Mr. Hollier, it will be remembered, was elected U. P. O. member for East Wellington at the last general election for Ontario, and shortly afterwards resigned so that Mr. Roney might be elected in his stead.

RIDGETOWN BOWLERS HOLD SCOTCH DOUBLES TOURNAY

(Special to The Advertiser.)
RIDGETOWN, Aug. 22.—K. Dalphin's rink of Ridgetown won first prize in the first event of the Scotch doubles tourney here today, and T. Campbell's rink of Rodney was second.

Rinks from Thamesville, Highgate, Dutton, Aylmer, Leamington, Kingsville and Rodney were present.

WILL SEE BIG SHOW FOR THE FIRST TIME

SIMCOE, Aug. 22.—George Ryerson, great-grandson of the famous educationist, Egerton Ryerson, has lived in Simcoe 70 years, but has never been to Toronto exhibition. This year he goes for the first time with his seven grandchildren as escorts.

HELPLESS WITH RHEUMATISM

Until He Took "Fruit-a-tives"
The Fruit Medicine.

"R. R. No. 1, Lorne, Ont.
"For over three years, I was confined to bed with Rheumatism. I treated with doctors, and tried nearly everything without benefit.

"Finally, I tried 'Fruit-a-tives.' Before I had used half a box I saw improvement, the pain was easier and the swelling started to go down.

"I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place.

"ALEXANDER MUNRO."
Fifty cents a box, 6 for \$2.50; trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives, Limited, Ottawa.

WORK STARTED ON BIG NEW BRIDGE

Brantford Is Also Planning
Sewers to Cost
\$125,000

(Special to The Advertiser.)
BRANTFORD, Aug. 22.—Work of laying the plates on the big steel bridge on the Cockshutt road was begun today. This is one of the two largest bridges in the county and the span is about 450 feet. The road is closed to traffic, and as the task of making fills at other places along the road will go on while the traffic is detained, it is likely that the road will not be opened for use for the next two months.

The construction of a main trunk sewer and the linking up of sewers in annexed portions of the city, in the event of an unemployment crisis this winter, is occupying the minds of the civic fathers just now. It is expected that plans for providing work will take a definite turn at Tuesday night's council meeting.

City Engineer Adams is at present completing a report in which he will probably submit plans and recommendations regarding the sewer. The cost will be \$125,000 and it will be by far the largest of such utilities in the city.

The proposals for Murray Street Bridge will also be covered by Engineer Adams in his report, and it is expected that important recommendations regarding the bylaw will be made. Following petty robberies throughout Brant County, farmers are reported to be arming themselves with shotguns and bird-shot to protect their property. The distribution of "arms" is much more general than usual and vegetables left bagged up in the fields are soon caddied by sneak thieves.

Only one case of smallpox has been reported in the city during the past week. The patient had just arrived from England. The city is free from smallpox otherwise, and there are only six other cases of contagious diseases on record.

MAINES CERTAIN HE CAN BEAT LONDON

BRANTFORD, Aug. 22.—Proxy George H. Maines of the Michigan-Ontario League was in Brantford for a half hour this afternoon. He discussed baseball conditions briefly, and appeared sure that in case the hostilities between him and the London club came to a showdown he would come out on top. He left for Kitchener this evening.

ZORRA FARMER LOSES BIG BARN AND CROPS

(Special to The Advertiser.)
WOODSTOCK, Aug. 22.—George Cowling of East Zorra had his barn entirely destroyed by fire early this morning. The loss is estimated at \$6,000, and was only partly covered by insurance. The loss included 400 bushels of last year's grain, a splendid crop of unthreshed grain and some live stock. Mr. Cowling was sweeping in the granary preparatory to the arrival of the threshers, when the dust clouded the flames, and in spite of early assistance of the threshing crew, who were only a few rods away, soon enveloped the entire structure.

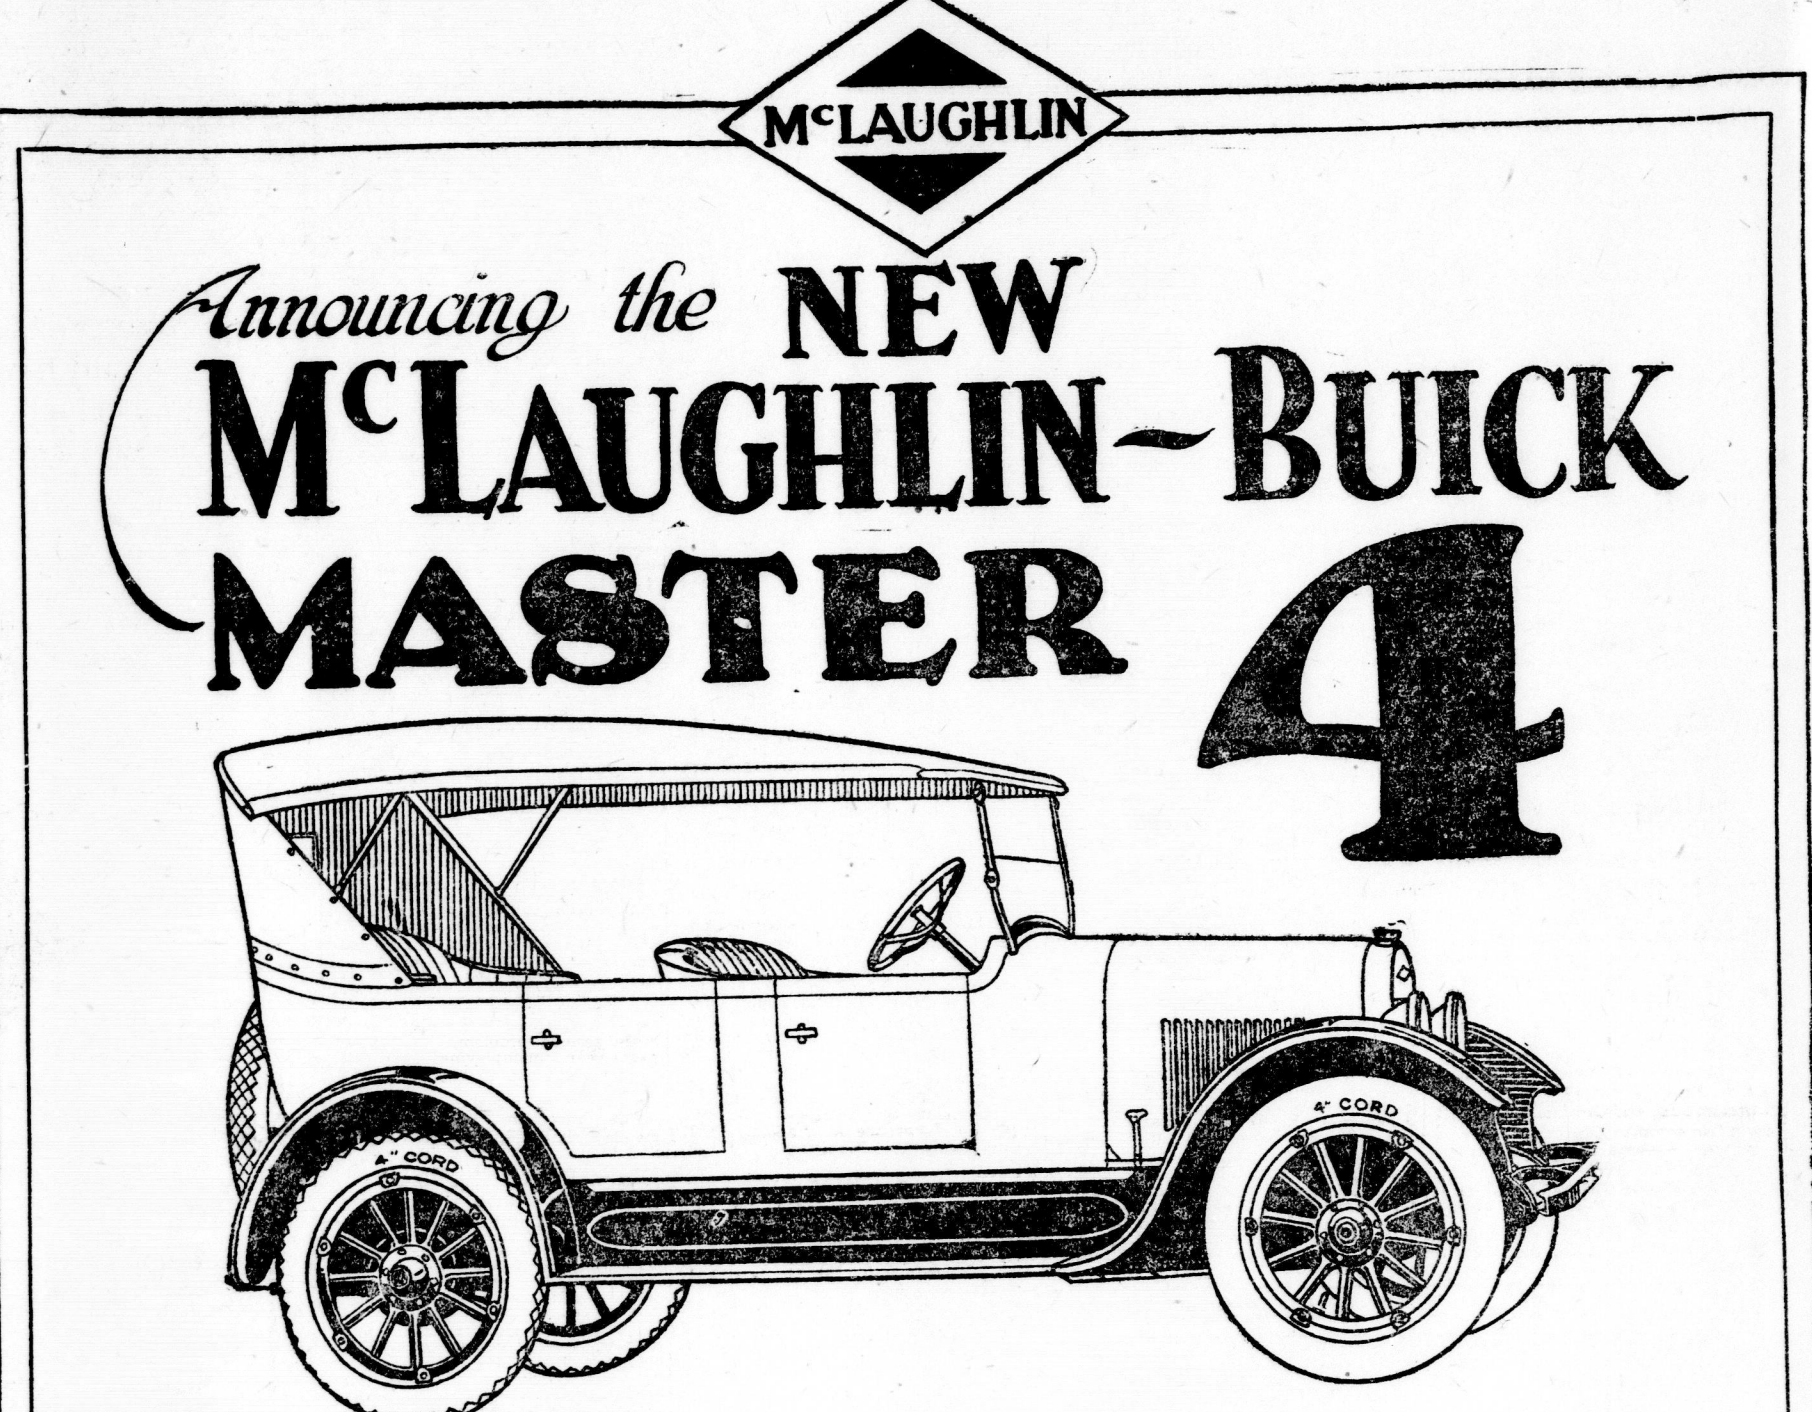

That Brisk, Rich Flavour found in every cup of the genuine

"SALADA"

TEA

is the true flavour of the perfectly preserved leaf. This unique flavour has won for Salada the largest sale of any tea in America.

Here is a thoroughbred Master Four Completing the famed McLaughlin-Buick Line

The new Four-Cylinder McLaughlin-Buick, here announced, is a thoroughbred—a pedigreed car well worthy of its name.

Down to the very last detail, this new model possesses every quality of enduring serviceability, complete comfort, and distinctive appearance that have always characterized McLaughlin automobiles.

The advent of this new Master Four makes the McLaughlin-Buick 1922 line complete. It offers to purchasers of a car of this size all the quality and service that go to make up the name McLaughlin.

The McLaughlin-Buick Valve-in-Head Engine—A Power Plant That Has Proved Itself.

The engine, of course, is of the time-tested McLaughlin-Buick Valve-in-Head type. This year-after-year concentration of McLaughlin-Buick engineering skill and experience in building Valve-in-Head motors assure the highest standard of performance obtainable to-day.

Every other unit is of a quality equal to the power plant. The whole assembly constitutes a perfectly balanced chassis which is of typical McLaughlin-Buick Construction.

Cord Tires Standard Equipment on All Models. See us for Specifications and Delivery Dates.
