THE VICTORIA WEEKLY COLONIST FRI

tween the two countries is aimose product that the author of the feetly free. There appears to be some doubt whether the Committee of Conference has power to include such a proposition in the McKinley Bill, and it there is such a proposition before the appears to be some altogether certain that there is such a proposition before the does not seem altogether certain that there is such a proposition before the doubt whether the Committee of Conference has power to include such a proposition in the McKinley Bill, and it there is such a proposition before the doubt whether the Committee of Conference has power to include such a proposition in the McKinley Bill, and it there is such a proposition before the doubt whether the Committee of Conference has power to include such a proposition in the McKinley Bill, and it the motoriety it has given him.

A MISTAKE CORRECTED.

A MISTAKE CORRECTED.

It has been confidently asserted that agriculture on the conduct of the agritators, and, whether it is the true one lying trains alone. The government is entirely the not conduct of the agriculture of town as rapidly as facilities will permit. There have been not or not, it appears at least plausible.

The distress consequent upon the failure of the mountain were four or five graves. The mountain were

position in the McKinley Bill, and it is in the power of the proprietors does not seem altogether certain that there is such a proposition before the Conference.

It is in the power of the proprietors by the Canadian Pacific Railway. It was said that any tea entered at a British was said that any tea entered at a British was said that any tea entered at a British was said that any tea entered at a British work and to this telegram nuisance. If they conference.

If the Globe's correspondent tells the life Conference.

If the Globe's correspondent tells the would reject such telegram as are plainly truth, and if Congress adopts the protectional and would refuse to give work sensational and would refuse to give work to pay a duty of ten per cent. truth, and if Congress adopts the proposition, then the question of unrestricted reciprocity with the United States will be fairly before the people of Canada. When it depends upon the action of the Government of the Dominion whether or not the trade between Canada and the sensational and would refuse to give work to pay a duty of ten per cent. Those who raised this report had either them at the earliest possible moment. The Government by undernot read or had misunderstood the Mc-kinley Bill. If they had given the sections of the bill which regulate the important to pay a duty of ten per cent. Those who raised distressed districts, and work will be compared to a correspondent who had once sent them at false report, a stop would immediately be put to the business of inventing news for the Press. If the correspondents once knew that lying did not pay a duty of ten per cent. The correspondent who had once sent them at the earliest possible moment. The Government by undernot read or had misunderstood the Mc-kinley Bill. If they had given the sections of the bill which regulate the immensuration of the given that the proposition, then the question of unrestricted distressed districts, and work will be compared to the earliest possible menced on them at the earliest possible moment. The Government by undernot read or had misunderstood the Mc-kinley Bill. If they had given the sections of the bill which regulate the immensuration of the distressed districts, and work will be compared to the arrive wheat harves when the appropriate in the distressed districts, and work will be compared to the arrive when the arrive when the distressed districts, and work will be compared to the arrive when the distressed districts, and work will be compared to the arrive when the arrive when the arrive when the arrive when the arrive w port of tea proper attention, they would bere found that teas imported direct to

not the trade between Canada and the United States shall be free, then it will be in order to agitate the question of reciprocity in the country and to make it an issue at the polls. There will then be something practical to talk about and to decide upon. Hitherto the agitation about integrated by the policy of the process of Parliament have gone decide upon. Hitherto the agitation about integrated by the process of Parliament have gone decide upon. There will then be integrated by the process of Parliament have gone decide upon. There will then be integrated by the process of Parliament have gone decide upon to the reciprocity has been most unsatisfactory.
