Portraits of the Quees.

Queen Victoria has had many portraits painted good, bad, and indifferent. The latest addition to her royal category is a full-length study of Her Majesty by Herr Von Angeli. The picture is interesting as a knudy of Her Majesty. It represents the Queen standing in front of the throne. She is richly dressed in black satin, her now favorite costume, trimmed with ermine. She wears a diamond crown. Her face is depicted in profile. The ensemble of the picture is the painter's invariable decorative ture is the painter's invariable decorative and the technique of it is in his usual high but conventional manner.

—Severe colds are easily cured by the use of Bickle's Anti-Consumptive Syrup, a medicine of extraordinary penetrating and healing properties. It is acknowledged by those whe have used it as being the best medicine sold for coughs, colds, inflammation of the lungs, and all affections of the throat and cheet. Its agreeableness to the throat and cheet. Its agreeableness to the throat and cheet. Its agreeableness to the taste makes it a favorite with ladies and children.
