OOD BUSINESS MEN DON'T LIKE

To have their private affairs advertised in the papers. If they want to purchase a homestead or other property they don't want the whole world to know it, and on the other hand the same objection holds good in case they wanbto sell. The affairs of life are not a permanent fixture. Young people grow up and old people die off—which bring about family changes, often including the purchase or sale of a homestead. In this way we are authorized to offer a few of the most desirable properties in the city. Particulars on request, personally or by letter.
