BIRD'S Art Craft Roof

"We didn't have to tear off the old roof and litter up the lawn. We used ART CRAFT, the wonderful roll roofing with the tile design."

ART CRAFT, Canada's most beautiful roofing, is made of heavy rag felt impregnated with asphalt, and surfaced with crushed slate (red or green), with an enduring tile design.

ART CRAFT adds beauty to any residence, and gives a double roof at half the cost. Strengthens the old wooden shingle roof, makes it more attractive and absolutely water-proof. Reduces fire risks and wears—wears. AND—ART CRAFT can also be applied directly to the roof boards for new work.

Come in and let us show you the material and tell you more about Art Craft Roof.
