Embossed METALLIC CEILING

The many advantages of their use as a modern substitute for wood and plaster lie in the fact that they are light in weight, will not crack nor drop off, consequently no danger of falling plaster, are unquestionably durable, having air-tight joints, are easily applied, are practically fire-proof, are highly artistic, do not harbor vermin or germs of disease, and possess splendid acoustic properties, in addition to many other points of excellence over any other form of interior decoration.
