

Health without Medicine.

IT may not be according to professional etiquette, to say to a sick man, if the treatment I shall give you does not prove beneficial and satisfactory, you shall pay nothing for it, but it would save the unfortunate sick people a large amount of money. Rev. Dr. A. Wilfred Hall, of New York, has made a most valuable Hygienic discovery. His method of treating disease *without* medicine has had a wonderful success.

Very bad cases of kidney complaint have been cured, and hundreds of sick people have been saved from the suffering caused by sick headache, dyspepsia, dysentery, rheumatism and other ailments. The treatment is so simple and easy to practice, that any person can use it at home with safety and comfort. Full particulars, terms, &c., had by addressing

TIRED

How often we hear people say, "I'm tired," and when they have really not done any thing to make them feel so. It is not that they have been working hard, but that

TIRED

feeling that they experience is caused by the system being run down, and they require a good bracing medicine to build them up—to bring about the desired result they should take Estey's Iron Tonic—then that

TIRED

feeling will soon pass away. It builds up the system; strengthens the muscles, tones the appetite, and makes you feel like a new person. Sold by all dealers.

TEN YEARS OF UPPER CANADA

IN PEACE AND WAR,

(1805—1815.)

Being the Ridout Letters, with Annotations

By MATILDA EDGAR,

Demy 8vo, 396 pp. Price, postpaid, \$2 00.

"This book will be read with the greatest pleasure by all Canadians, and by a great many people who are not Canadians. From the papers of the Ridout family, Mrs. Edgar has obtained the material for one of the most interesting works of Canadian history which it has been our good fortune to read. It treats directly of a few eventful years only, but indirectly it covers by its references and explanations that elastic period of time which lay a two generations of men. Necessarily there is much original matter in the volume, but it is all essential to a proper understanding of the time, and is remarkably well done. Mrs. Edgar has so arranged her story and the methods of telling it, that the difficulty is to lay the book down. In the chapters which precede the outbreak of the war are found pictures of the times, painted with all the ease and fidelity which familiar correspondence permits, and are little less interesting than the narrative of more exciting national occurrences. Were Thackeray alive and in search of a subject for a companion novel to his Virginians, he could hardly find equal material for subject and matter than he would discover in Mrs. Edgar's volume. The letters of Mr. T. G. Ridout are literary accomplishments in themselves, and Mrs. Edgar's compilation of these and other documents, with her own contributions, have resulted in a most valuable addition to the library of Canada. The book will be read a first time for its romance, and be constantly referred to for its accurate and valuable information."—*Montreal Herald*, Dec. 30th, 1890.
