FARMERS' CENTRAL SYNDICATE OF CANADA

Honorary President, His Lordship Mgr. C.-E. FABRE, Archbishop of Montreal.
President, the Honorable J.-J. ROSS, President of the Senate.

The Central Syndicate is the union of gentlemen of the same profession having in view the protection of the interests of the Agriculturists of this Province. It is not a commercial enterprise. The aim of the Syndicate is first and foremost to buy at the lowest prices the supplies necessary for the consumption of its members. Then, the most efficient way, is to group in one order, all the purchasing orders of the members of the Association. Thus the suppliers are more conciliating, the general expenses are simplified on both sides; the economy reaches its maximum. The most favorable time to send orders is:—**1st February** for the Spring seeds and manure. —**1st May** for Summer Seeds and Implements.—**1st August** for Fall manure and Fall and Winter Implements, Breeding Cattle, etc. The Syndicate has no price list nor catalogue as an ordinary merchant. But can supply the members with those of manufacturers and merchants who offer the most favorable advantages.
