

most noteworthy was the fact that everything was done in the spirit of prayer and supplication. The Woman's Boards bore the work of missions to the mercy seat. Many of their committee rooms became Bethels. The great work was taken to their homes and their closets. There was coupled with the prayer not only the consecration of their means but of their children. The work of missions became a topic of conversation at the fire-side as it had never been before. To the children it became a household word. The Church of Christ proceeds upon the assumption that the whole work must be divinely guided and inspired. "Without faith it is impossible to please God." He that cometh to Him must believe that He is, and that He is the rewarder of all them that diligently seek Him, and He must not be overtaken with awkward surprise when his prayers are answered. On this principle it ought not to be thought strange, after twenty years of prayer, that multitudes of the young are rising up and saying "Here are we, send us." It is the very thing that should have been looked for with earnest expectation and if now the blessing has come, there is reason to ask that God will enlarge the faith of His people in another direction—in one word, *that the wealth as well as the children of the Church, may be consecrated to missions.*—*The Missionary Review.*

### Work in the Eastern Division.

WE very heartily congratulate our sisters of the W. F. M. We rejoice with you.
