NEW TESTIMONY EVERY ISSUE

From the Consumers' Gas Co.

Our superintendent informs me that the Heeson Rocking Grate is the best grate we have ever tried, and we have used a number of different kinds. It effects a considerable saving in fuel and labor.

W. H. PEARSON,
General Man. and Sec'y.

THE HEESON ROCKING GRATE BARS

Will be placed on trial under any boiler in the Dominion for thirty days, at the end of which time, if they are not satisfactory, we will remove them and return the old bars to their place free of expense.

HEMOLIN

PATENTED

THE Cheapest Black-producing Dye for Wool on the Market. Has all the advantages of Logwood with none of its inconveniences. Can be Dyed in one Dip, or may be employed in Wool Dyeing as a self-color, or in combinations, wherever Logwood is used, by following the same recipes.

This is not a mixture, but a new product for which patents have been granted in U.S.A., Great Britain, Canada, Germany, France and Austria, and use in these countries has increased constantly since its introduction.
