

THE NEW ANTISEPTIC CONTAINER

is more than filling the requirements of the numerous Surgeons and Physicians who, for some time past, have advised us to dispense UNGUENTINE in COLLAPSIBLE TUBES, of a size convenient for pocket, or satchel in order to prevent substitution and to guarantee a uniform price. The demand is increasing very rapidly, demonstrating that the range of usefulness of UNGUENTINE is widely extended by means of this new thoroughly antiseptic container.

One Tube Free

to introduce Unguentine in the new package. If in your practice you have any aggravated case of INFLAMMATION, we earnestly desire to send you a Tube, prepaid, with one of the large books "Clinical Reports and Notes." Write for sample mentioning this publication.

Price, 2 oz. Tube, 25c.; Per Doz., \$2.00.

The Norwich Pharmacal Co., Norwich, N.Y.

We invite your attention to our **Alpha Atomizers**. Note the tube in its different views, A B C D.

This tube is simply an air reservoir into which the bulb empties itself. By gradually collapsing it forces the air forward, the full supply of air not being entirely exhausted before the bulb again fills the tubes.

WE CLAIM that our **ALPHA ATOMIZERS** produce an absolutely continuous spray with less labor to the hand than any other single bulb atomizer upon the market. Examine the cut and you will see how simple yet effective it should be.
