
**“ From the Fish in the Sea
to the Wine in the Glass.”**

THIS interesting little story follows the Cod Fish from our station on the shores of Massachusetts, through all the delicate manipulations required to produce in our laboratories the only perfectly satisfactory vinous preparation from the true extractives of the Cod's Liver.

STEARNS' WINE

IS HONESTLY MADE AND PROMOTED
TO THE PROFESSION ONLY.

Send to us for a full trade package, and a copy of the book.

The preparation will soon prove to you its merit.

All we ask is the privilege of convincing you.
