

An article on the Schools of Paterson, Cafraria, an account of the Puniyas Menas in the neighbourhood of the Mission at Deolee, Rajpootana, and sketches of the five orphans recently baptized at Nusserabad, make up with the foregoing the valuable March number of the United Presbyterian Record.

POINT EDWARD.—On Sabbath, 10th ult., a new church erected at Point Edward, was opened for public worship. Rev. J. Thompson, of Sarnia, preached in the forenoon, and the Rev. W. Reid, of Toronto, in the afternoon and evening. The services were all largely attended, and the collections were liberal. The church is well proportioned and finished with great neatness and taste, reflecting the highest credit on all connected with it. There was a social meeting on the evening of Monday, 11th, which was quite successful. The station at Point Edward, originally begun by Mr. Thompson, and carefully attended to by him, has been very successful, and presents now one of the most interesting and inviting fields of labour in the church. We trust that it will prosper as much as others have in the past.

BRITISH COLUMBIA.—We have received a report for the year ending 31st December, 1871, of the Presbyterian Church, New Westminster, under the care of an excellent and laborious missionary, Rev. R. Jamieson. The receipts were \$1055 60, and the expenditure, \$455, leaving the balance of \$600 60 to the credit of the Mission Fund. This is highly creditable. Services are conducted at New Westminster, Langley, North Arm, and Burrard Inlet, while Mr. Jamieson visits more distant points occasionally. All the stations appear to be in a good state of organization.

NORWOOD.—The annual social meeting of this congregation was held here on the 13th day of February last. After several short addresses from some other speakers who had been invited to take part on the occasion, Mr. MacWilliams, of Bomanton, gave an address on "The laws of success, with illustrations." Stormy though the night was—the stormiest we have had this season—the number assembled was considerable—far exceeding the expectation of the most sanguine at the time. All seemed well satis-
