

**You Can't Make \$500 By Reading This,**  
 even if you have chronic nasal catarrh in its worst stages, for although this amount of reward has for many years been offered by the proprietors of Dr. Sage's Catarrh Remedy, for any case of catarrh they cannot cure, yet notwithstanding that thousands use the Remedy they are seldom called upon to pay the reward, and when they have been so called upon they have universally found that the failure to cure was wholly due to some overlooked complication, usually easily removed by a slight modification of the treatment. Therefore, if this should meet the eye of anybody who has made faithful trial of this great and world-famed Remedy without receiving a perfect and permanent cure therefrom, that person will do well to either call upon or write to the proprietors, World's Dispensary Medical Association, of Buffalo, N.Y., giving all the particulars and symptoms in the case. By return mail they will get good advice free of all costs.

**Catarrh—A New Treatment.**  
 Perhaps the most extraordinary success that has been achieved in modern science has been attained by the Dixon Treatment of catarrh. Out of 2,000 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of the patients presenting themselves to the regular practitioner are benefited, while the patent medicines and other advertised cures never record a cure at all. Starting with the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissues, Mr. Dixon adapted his cure to their extermination; this accomplished the catarrh is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has ever attempted to cure catarrh in this manner, and no other treatment has ever cured catarrh. The application of the remedy is simple and can be done at home, and the present season of the year is the most favorable for a speedy and permanent cure. The majority of cases being cured at one treatment. Sufferers should correspond with Messrs. A. B. DIXON & SON, 335 King-street West, Toronto, Canada, and enclose stamp for their treatise on catarrh.—*Montreal Star*
