"Public School Temperance."

The attention of teachers is respectfully called to
this new work, designed for use in the Public Schools.
It is placed on the programme of studies under the
new regulations and is authorized by the Minister.
It will be used in three forms. The object of the
book is to impart to our youth information concerning
the properties and effects of alcohol, with a view to
impressing them with the danger and the needlessness
of its use.

The author of the work is the celebrated Dr.
Richardson, of England; and, this book, though
somewhat less bulky, being printed in smaller type,
contains the whole of the matter of the English
edition, slightly rearranged, as to some of the
chapters to suit the requirements of our Public
School work. It is, however, but half the price of
the English edition.

The subject is treated in a strictly scientific manner,
the celebrated author, than whom there is no better
authority on this subject, using the researches of a
lifetime in setting forth the facts of which the book
discusses. At the same time the style is exceedingly
simple; the lessons are short and accompanied by
appropriate questions, and the language is adapted
to the comprehension of all who may be required to
use the book. Price 25 cents, at all bookstores.
