

ST. PATRICK'S DAY PARADE.

Let us march, boys, let us go
Through the mud and through the gutter;
Through the slush and through the snow,
While our flags above us flutter.
Oh, 'tis good to be so gay,
So festive and so cheering;
On the glorious Patrick's Day,
For the good of dear old Erin.
Though poor Ireland is in chains,
Let us march, let's be merry,
Let us strike up martial strains;
Where's the use of being dreary?
Drag your feet, slow length along;
Show the snakes you're wearing;
For it surely can't be wrong,
In honor of old Erin.

Michael Davitt in his cell
He will hear of our drumming,
And our Charles Stewart Parnell
Will be pleased at the strumming.
We have reason to rejoice,
For our bravest men in prison,
For each Irishman's voice
To the God of mercy issue.

If some looker-on should say,
"What means this grand procession?"
Not a word—be mute—or stay,
Whisper low in your discretion:
"Tis in honor of the spring,
Which surely is advancing,
That we do this brilliant thing,
And send music out entrancing."

MAINE NEWS.

Hop Bitters, which are advertised in our columns, are a sure cure for ague, biliousness and kidney complaints. Those who use them say they cannot be too highly recommended. Those afflicted should give them a fair trial, and will become thereby enthusiastic in the praise of their curative qualities.—Portland Argus.

Pending the passage of the Coercion Bill and Arms Act, about twenty Americans, in the counties of Cork, Limerick and Kerry, have applied to Colonel Brooks, United States Consul at Queenstown, for advice and protection. All express fears of arrest. The Consul informed them that if they were of good behaviour there was no fear of arrest; but he had no power in the matter.

Mrs. McCaffery, a widow living at Moore's Bay, Charlotte Co., N.B., had a son who enlisted in the United States Army during the civil war, and was killed in November, 1864. Her claim for a pension has recently been allowed, and she is to receive eight dollars per month while she lives. She is also to receive back pay, dating from the time of her son's death, and amounting to the sum of \$1,540.

John G. Graver, of Buffalo, died recently in Westerville. He was a native of Württemberg, Germany, and at the time of his death was 90 years of age. He had been a soldier, and fought under Napoleon 1st. He was with Bonaparte in the unfortunate campaign against Moscow, and witnessed the burning of that city. Out of 180 soldiers of German extraction in his company, only 18 returned alive, and most of these were seriously wounded. Graver fought in 36 pitched battles, and was wounded, for the first and only time, at the battle of Waterloo.

In the case of Burnard against Rodocanachi, an action brought by the underwriters against the owners of a ship captured by the "Alabama," to recover \$2,000 paid by the United States out of the "Alabama" Claims Fund, as excess of value of cargo over the amount for which it was insured, at a former trial, Lord Coleridge gave judgment in favor of the underwriters. The Court of Appeal now reverses the judgment, and says the United States paid the money to the owners, because they were under-insured. They, therefore, are entitled to retain it.

Erre's Cocoa—GRATEFUL AND COMFORTING—By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well selected cocoa, Mr. Erre has provided our breakfast tables with a delicately flavored beverage which will save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist any tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame.—Civil Service Gazette. Sold only in packets labelled "James Erre & Co. Cocoa." Also makers of Erre's CHOCOLATE ESSENCE for afternoon use.

COMMON SENSE IN MEDICINE.

(Montreal Star, January 5, 1881.)

Dr. M. Souville, the Parisian physician and inventor of the Spirometer for the scientific treatment of diseases of the lungs and air passages, who recently took up his residence among us, seems to be meeting with excellent success. Already the doctor has had upwards of a hundred patients, who have given his system a trial and, so far as we have learned, with both satisfaction and benefit. Doctor Souville makes a departure from the usual methods of treating diseases of the air passages. He contends that the proper mode of treating them is by inhalation and absorption, not by pouring drugs into the stomach, and thus upsetting and disarranging one part of the system in the hope of benefiting another. This argument certainly has the advantage of being common sense, which is always the best kind of sense. The doctor certainly has the courage of his opinions and confidence in his system, for he gives a standing invitation to physicians and sufferers to visit him and test his instruments free of charge. His office is at 13 Phillips Square, Montreal.

It matters not how often your advisers tell you that diseases such as Bronchitis, Asthma and Catarrh are incurable; read the following notices and judge for yourselves.

MONTREAL, January 12th, 1881.
DEAR DOCTOR, I have great pleasure in making public my experience of the beneficial effects I have derived from the use of your Spirometer and remedies for the cure of Catarrh and Bronchitis, which I was afflicted with for several years; my health is now wonderfully improved since using your remedies.

Your truly,
O. HILL,
1300, St. Joseph Street,
Montreal.

To Dr. M. Souville, 13 Phillips Square, Montreal.

MONTREAL, January 21st, 1881.
MY DEAR SIR—I am very pleased to bear testimony to your mode of treating throat diseases. My little girl, eleven years of age, has had various attacks of bronchitis. Last fall she had one of those attacks and was confined to the house for some seven or eight weeks. After using one of your Spirometers, with the medicine accompanying it, I am very happy to say that within two weeks after commencing to use the instrument, she was quite better, and has been in very well ever since, now about two months.

I am, yours truly,
R. L. GAULT,
To Dr. M. Souville, Montreal.

MONTREAL, January, 1881.
DEAR SIR, I am very pleased to give you this testimony of the benefit I have received from the use of your instrument, the Spirometer, and the remedies accompanying it for my disease. I was three years troubled with catarrh in the head, loss of voice and bronchitis, and I am happy to say that I am now quite cured, and have to thank you for it by the use of your Spirometer and remedies.

Yours respectfully,
S. HILTON,
Montreal.

Consumption Cured.
An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure for Consumption, Bronchitis, Catarrh, Asthma, and all throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested his wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellow-men. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French, or English, with full directions for preparing and using it. Sent by mail by addressing with stamp, naming this paper, W. F. SHEPARD, 149 Powers Block, Rochester, N.Y.

REST AND COMFORT TO THE SUFFERING.
"BROWN'S HOUSEHOLD PANACEA" has no equal for relieving pain, both internal and external. It cures Pain in the Side, Back or Bowels, Sore Throat, Rheumatism, Toothache, Lumbago and any kind of a Pain or Ache. "It will most surely quicken the Blood and Heal, as its acting power is wonderful." "Brown's Household Panacea," being acknowledged as the great Pain Reliever, and of double the strength of any other Elixir or Liniment in the world, should be in every family handy for use when wanted, "as it really is the best remedy in the world for Cramps in the Stomach, and Pains and Aches of all kinds," and is for sale by all Druggists at 25 cents a bottle.

MOTHERS! MOTHERS! MOTHERS!!!
Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately. Depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere at 25 cents a bottle.

Baxter's Mandrake Bitters will cure all bilious Diseases. Sold everywhere at 25 cents per bottle. Try it.

The best remedy for strains and galls on horses is Henry & Johnson's Arnica and Oil Liniment. Good for man and beast.

FOR LIVER COMPLAINT, USE DR. HARKNEY'S ANTI-BILIOUS AND PURGATIVE PILLS—Purely Vegetable.

FOR COUGHS AND THROAT DISORDERS USE "BROWN'S BRONCHIAL TROCHES," having proved their efficacy by a test of many years.

MARON WINES! The sudden changes and high winds which prevail in March makes a bottle of Down's Elixir always necessary to have at hand. It is a sure cure for sudden colds and all lung diseases.

A DOSE OF BROWN'S VERMIFUGE Comfits or Worm Lozenges, creates great constipation among the worms, which twist and turn in the stomachs of many children, and even adults. There is nothing in these Comfits which can injure anything but the worms, and nobody cares for them.

A PAIN IN THE SIDE MAY BE THE precursor of a pleuritic attack. It should not be neglected. If you have gone at home, send to your druggist and buy a bottle of BROWN'S HOUSEHOLD PANACEA and Family Liniment, bathe with it frequently the parts affected, and the danger and pain are passed.

WE HAVE FREQUENTLY HEARD mothers say that they would not be without MRS. WINSLOW'S SOOTHING SYRUP, from the birth of the child until it had finished with the teething stage, on any consideration whatever. It gives an infant, troubled with colic pains, quiet sleep, and its parents unbroken rest at night.

THE TRUE WITNESS FOR 1881.

The True Witness has within the past year made an immense stride in circulation, and if the testimony of a large number of our subscribers is not too flattering it may also claim a stride in general improvement.

This is the age of general improvement and the True Witness will advance with it. Newspapers are starting up around us on all sides with more or less pretensions to public favor, some of them die in their tender infancy, some of them die of disease of the heart after a few years, while others, though the fewest in number, grow stronger as they advance in years and root themselves all the more firmly in public esteem, which in fact is their life. However, we may criticize Darwin's theory as applied to the species there is no doubt it holds good in newspaper enterprises, it is the fittest which survives. The True Witness has survived a generation of men all but two years, and it is now what we may term an established fact.

But we want to extend its usefulness and its circulation still further, and we want its friends to assist us if they believe this journal to be worth \$1.50 a year, and we think they do. We would like to impress upon their memories that the True Witness is without exception the cheapest paper of its class on this continent.

It was formerly two dollars per annum in the country and two dollars and a half in the city, but the present proprietors having taken charge of it in the hardest of times, and knowing that to many poor people a reduction of twenty or twenty-five per cent would mean something and would not only enable the old subscribers to retain it but new ones to enroll themselves under the reduction, they have no reason to regret it. For what they lost one way they gained in another, and they assisted the introduction into Catholic families throughout Canada and the United States of a Catholic paper which would defend their religion and their rights.

The True Witness is too cheap to offer premiums or "chromos" as an inducement to subscribers, even if they believed in their efficacy. It goes simply on its merits as a journal, and it is for the people to judge whether they are right or wrong.

But as we have stated we want our circulation doubled in 1881, and all we can do to encourage our agents and the public generally is to promise them that if our efforts are seconded by our friends, this paper will be still further enlarged and improved during the coming year.

On receipt of \$1.50, the subscriber will be entitled to receive the True Witness from the 1st December, 1880, to the 31st December 1881 (thirteen months), including the one back number.

Any one sending us the names of 5 new subscribers, at one time, with the cash, (\$1.50 each) will receive one copy free and \$1.00 cash; or 10 new names, with the cash, one copy free and \$2.50.

All the above subscriptions are for the term ending December 31st, 1881 (13 months).

Our readers will oblige by informing their friends of the above very liberal inducements to subscribe for the True Witness.

We want active intelligent agents throughout Canada and the Northern and Western States of the Union, who can, by serving our interests, serve their own as well and add materially to their income without interfering with their legitimate business.

The True Witness will be mailed to clergyman, school teachers and postmasters at \$1.00 per annum in advance.

Parties getting up clubs are not obliged to confine themselves to any particular locality, but can work up their quota from different towns or districts; nor is it necessary to send all the names at once. They will fulfil all the conditions by forwarding the names and amounts until the club is completed. We have observed that our paper is, if possible, more popular with the ladies than with the other sex, and we appeal to the ladies, therefore, to use the gentle but irresistible pressure of which they are mistresses in our behalf on their husbands, fathers, brothers and sons, though for the matter of that we will take subscriptions from themselves and their sisters and cousins as well.

In conclusion, we thank those of our friends who have responded so promptly and so cheerfully to our call for amounts due, and request those of them who have not, to follow their example at once.

"POST" PRINTING & PUBLISHING CO.

HOLLOWAY'S OINTMENT AND PILLS.—SURE RELIEF.—The weak and enervated suffer severely from nervous affections when storms or electric disturbances agitate the system. Neuralgia, gouty pains, and aching pains, very distressing to a delicate system, may be readily removed by rubbing this Ointment upon the affected parts after it has been fomented with warm water. The Pills taken occasionally in the doses prescribed by the instructions keep the digestion in order, excite a free flow of healthy bile, and regenerate the impoverished blood with richer materials, resulting from thoroughly assimilated food, wanting which the strongest must inevitably sink into feebleness, and the delicate find it difficult to maintain existence. Holloway's Ointment and Pills are infallible remedies.

Ayer's Hair Vigor,

FOR RESTORING GRAY HAIR TO ITS NATURAL VITALITY AND COLOR.

It is a most agreeable dressing, which is at once harmless and effectual, for preserving the hair. It restores, with the gloss and freshness of youth, faded or gray, light, and red hair, to a rich brown, or deep black, as may be desired. By its use thin hair is thickened, and baldness often though not always cured. It checks falling of the hair immediately, and causes a new growth in all cases where the glands are not decayed; while to brassy, weak, or otherwise diseased hair, it imparts vitality and strength, and renders it pliable.

The Vigor cleanses the scalp, cures and prevents the formation of dandruff; and by its cooling, stimulating, and soothing properties, it heals most if not all of the humors and diseases peculiar to the scalp, keeping it cool, clean, and soft, under which conditions diseases of the scalp and hair are impossible.

As a Dressing for Ladies' Hair
The Vigor is incomparable. It is colorless, contains neither oil nor dye, and will not soil white cambric. It imparts an agreeable and lasting perfume, and as an article for the toilet it is economical and unsurpassed in its excellence.
